Ludjin el Jamaal was born 1989 at the famous Haras Meia Lua of Lenita Perroy near Sao Paolo, Brazil. A son of the great Ali Jamaal – who was then already very much admired in Brazil, though still at the beginning of his career as the famous International sire he would become – out of the beautiful mare Lydira el Shaklan, a tall beautiful mare, looking very much like her father El Shaklan. Ludjin was one of the foals born in Ali Jamaal's third foal crop. The moment he was born, his breeder Lenita Perroy knew she had something unique. He was the perfect combination of El Shaklan and Ali Jamaal – he simply just had the best qualities of both!!

This is an extraordinary pedigree. All the stallions in it were famous sires, and all the mares supreme matriarchs. Thus Ludjin's breathtaking look, and progeny, gave him international fame as a great sire. His daughters are much sought after for their beauty, and for their reputation of being excellent broodmares.

It was when Ludjin had the age of two when Lenita decided to send him to the show ring and he rocked it! He was a true sensation and crowds of admirers following him to his stall. That year, he bred 3 mares. One of those three mares was NV Justa Dream who gave birth to the beautiful Juliet el Ludjin – full sister to the –by many claimed ‘most beautiful mare in the world’– Jullye el Ludjin, who was born the year later.

It was when a substantial offer was made by a famous breeder that Ludjin got sold to Count Federico Zichy Thyssen of ZT Arabians in Argentina. “I did not have enough experience at that time,” Lenita Perroy explains. “I did not know that very good horses were not born every day and that Great Ones were extremely rare. I assumed Lydira would have other good colts.”

Lydira did continue to produce outstanding, however, none of them could equal the uniqueness of Ludjin. When Ludjins oldest daughters, Juliet and Jullye started to produce incredible offspring themselves, Lenita knew she had to have Ludjin back.

By that time, ZT Arabians already got some important daughter by him and Ludjin was no longer their major stallion. It was because of this that Ferdinand Huemer was able to buy him—with Lenita Perroy as partner. Ludjin came back to stay at Haras Meia Lua in 1999 to live in a large green paddock with a large stall where he is comfortable and happy. Since then he sired many more beautiful daughters and sons and achieved international fame.

Many more Ludjin offspring could have been champions, but Lenita prefers to keep her precious mares away from the shows and in the pastures, where only the visitors that come to Haras Meia Lua can see them.

Although Ludjin el Jamaal has acquired most of his fame through his daughters, he also produced some important stallions. Some of these are Aryes el Ludjin (x Arianna Shah), Eman el Ludjin (x Elle Dorada), Jonathan el Ludjin (x NV Justa Dream), JD Chalice (x JD Splendor), LM Luvval (x Bint China Moon), Persyan el Ludjin (x Perfectshahn SRA) and Vektor el Ludjin (xShannghai).

The legend of Ludjin el Jamaal proves to be everlasting as his descents are keep winning all over the world, with most recent the success of Abba Qatar, Fadi al Shaqab, Najdah al Zobair and her yearling daughter Najdiya al Zobair!

Ludjin, over the years, has become more and more beautiful with age and today at 24 years old he looks MAGNIFICENT... a SILVER LEGEND. □
