H.H. SHEIKHA FATIMA BINT HAZZA BIN ZAYED BIN SULTAN AL NAHYAN (BREEDER, AL SHIRAA ARABIANS):

When I first saw a video of Eralda I couldn't believe that she was real. Her head is like a piece of art, like the most beautiful sculpture of what the most beautiful arabian horse should look like! She is the epitome of beauty. I was in awe when I saw her for the first time and still am every time I lay my eyes on her. I am very grateful to own such a stunning filly who also has one of the most beautiful characters.

LUCAS GOZDZIALSKI (BREEDER OF ERALDA - FALBOREK ARABIANS, POLAND):

We, as breeders, at Falborek Arabians, we can only have good words about Eralda. It is the first time in our history as breeders in 20 years, that we bred such an extreme beauty and typey filly.

Eralda is out of Enezja (by Marajj) and by Emerald J. This combination was planned with so much care and time. A lot of influence of this beauty that Eralda has come from Emandoria, in my opinion. This is a very good strong Polish line, from where Emanda, Emanacja come...

It is very good that she is at Al Shiraa Arabians, under the ownership of H.H. Sheikha Fatima Al Nahyan, as a very respected member of the Arab Horse Community. The Al Shiraa Team also takes very good care of her, and this is very important to us.

She has lots of type and lots of good genes. And in the future we believe she will be amazing for breeding as well. I hope that one day she will get even a much more beautiful offspring for Al Shiraa.

It is a big pleasure for me, my family, my father to see Eralda in the shows. To see she is developing very good. She is really, really fantastic! I'm sure she will give lots of satisfactions!

DAVID PUJALT (HER TRAINER, SPAIN):

When I started to train horses (from all breeds and in many disciplines), more than two decades ago, I had in mind the kind of perfect horse to be around... And I have to say that she overreaches at all levels my ideal horse that I thought of on those early times. Eralda has an unparalleled exotic beauty, with delicate shapes, a sweet but also sharp look, that doesn't let anyone indifferent.

For me she combines the real Arabian type with the most wonderful of the minds.

CHRISTINE JAMAR (BREEDER, JADEM ARABIANS, BELGIUM):

Eralda is one of the most beautiful fillies I have ever seen in my life. She immediately caught my eye when I first saw her. She is breathtaking and I love this filly very much. Off course I proudly own the father on whom, I am very proud! Creating a filly like this not only needs a good stallion and a great dam but also some magic.

Eralda has it all, she is very feminine with an amazing face. Her appearance and look seduce you right away. One of my wishes is to have the luck to see such a beautiful filly been born in my stables as well. I will pray....

Of course I will support this filly whenever I can and I wish Al Shiraa Arabians lots of success for the future with this amazing filly! I hope to see her soon again in the showring!

PHILIP LOOYENS (TRAINER, BELGIUM):

When I saw Eralda the first time on a cold snowy winter morning in Poland, I was immediately blown away. I remembered travelling for just one day up and down, in between the busy Middle East show season. Many times when searching for new horses, many of them turn out a disappointment but when I saw Eralda put her head looking over the stable door, it could not get much prettier than that. Her nearly perfect bone structure and intelligent upright look was mesmerizing. She was taken out in the snow and gave me a beautiful show, the looks she gave were of those you don't see every day. The level of young fillies is higher than ever in the showring, but to me Eralda is unique and able to put a smile on the faces of her huge fan crowd around the world!

FREDERIK VAN SAS (TRAINER, BELGIUM):

Look further than what you see in front of your eyes, then
you will find the truth.*

TED CARSON (TRAINER, USA):

When I saw her in Aachen last year I chose her. For me when you see something as beautiful headed as her you must always compare back to Pianissima. Her perfect placement of all her parts of head make her one of the most beautiful young mares in the world. Her neck and shoulder are also so well connected which is difficult to get with such a masterpiece of head like she has. For me she deserves a great spotlight in the breed.

MR. GLENN JACOBS (PHOTOGRAPHER, BREEDER AND MANAGER; QATAR):

It is rare to come upon quality on this level. The first time I laid eyes on Eralda, she mesmerized me by her exquisite exotic appearance and beautiful type. She is a breeder's dream come true and an owner's treasure to have. Being the result of line-breeding to the legendary Emigracja, and with several lines to Gazal Al Shaqab, Eralda has all potential to become a gem in the breeding barn. I have had the pleasure to photographing her on several occasions, though to experience her true beauty and alluring charm, one needs to see her in real and be amazed. I like to wish Al Shiraa the very best with Eralda and I look forward to being mesmerized by her on many more occasions to come.

DEJAIR SOUZA (TRAINER, BRAZIL):

I am very happy for having the opportunity to be involved with Eralda, an incredible filly, with great qualities, great refinement and a great mind. She will shine higher and higher at the international level.

CHEN KEDAR (BREEDER, ARIELA ARABIANS, ISRAEL):

I have always had a "weakness" for the E line of the Polish breeding program. These horses draw my attention more than any other within Polish breeding. For years I have followed the E line mares group at Michalow Stud. Over this past year, I was able to study many pictures of Eralda. Her look combined with her line-breeding to the great Emigracja (Palas x Emisja), from her sire and dam, made me very curious.

But when I saw her for real for the first time, last year in Aachen, I was simply overwhelmed. She was even better than her best pictures. For me this filly is very close to my vision of true Arabian type. Beautiful, simply beautiful!

LISA BROWN (BREEDER, ELKASUN ARABIANS, SOUTH AFRICA):

Eralda is an exquisitely feminine filly with a face to die for, I am sure that anyone would be happy to have a filly like her in their own barn.

I wish the Al Shiraa'a team all the best with this beautiful young lady's future endeavours!

MARY LANG (TRAINER, AUSTRIA):

I saw her in Menton 2018 for the first time. And her gorgeous sculpted face was an absolute eye-catcher for me! Love her!

GIAMPAOLO "WOODY" GUBBIOTTI (BREEDER, ITALY):

In 2017 at AHO World Cup in Chantilly it has been the first time that Eralda catches my attention... With her beautiful exotic head, big black eyes and feminine look she remains in my mind as a very special upcoming treasure, this is the kind of horse I wish to have as a standard in my private farm. I saw her several times after and I have been always impressed by how she was developing herself. When I saw her in Abu Dhabi in 2018, she really got my full attention and interest... For me it made me thinking also about her pedigree and I studied her very well, especially her mother line. In my opinion this young mare with her very feminine look, that I like personally the most will be also a treasure for the breeding program of Al Shiraa. I am already curious to see what she will produce.
