*It can happen... in a certain moment in time, that a special foal is born... a foal that will change the life of its breeder, as well as the life of many breeders and mare owners all over the world.*

*This is what happened to the Buzzi Family in 2003 when a gorgeous chestnut colt was born to their home bred mare*

*Anthea Moniscione. It was a difficult birth. The foal was very big and the mare had suffered long during labor. Once the foal was delivered, Giancarlo and Rosanna realized right away that there was something wrong with him. He hardly could breathe, exhausted from the long labor that brought him to life. Their experience as farmers and long time horse*

breeders made them react fast so that they could save his life. A difficult start, for what seemed to be an unbelievable foal. It did not take them long to realize this colt was something special... something they had never seen before. Long time breeders of Arabians, the Buzzis have always been in the winner circle at the Italian show scene. Their breeding program was mainly based on Russian/Polish bloodlines and their foundation mare, Armonia, was several times bred to the Padron son Padron's Ghibli. One of the resulting daughters of this combination was Anthea Moniscione. A liver chestnut beauty, just as her many full sisters, as Armonia has blessed her owners with many outstanding daughters. In 2002 a grey and stunning young stallion started his first

breeding season... and without knowing it, that year would have marked the start of his legendary status as well. This young stallion was the incomparable WH Justice. Giancarlo and Rosanna Buzzzi saw him and decided to give him some of their best mares, which included Armonia and her daughter Anthea Moniscione. Never a decision was more wise. 2003 saw the birth a filly and a colt respectively out of these two mares. Armonia gave them yet another daughter, Ania Moniscione... a gorgeous grey filly with the biggest liquid black eyes and chiseled face, now owned by the Ajman Stud. While Anthea gave birth to what is today one of the most influential sires of our time... Ajman Moniscione.

*These two foals were something different from all the Buzzi had bred until that time. There was a new look added to the already beautiful mares they owned. Grace, extreme type, and the great charisma typical of the Russian bred horses made these two foals stand out from all the others... and not only at Buzzi's farm.*

*It didn't take long until people started talking about them. They really created an international sensation with breeders and trainers from all over Europe wanting to see the first products of Wh Justice, and mainly these two foals... that together with Panarea by Palawan, also born that year, launched Wh Justice to become the incredible sire he is.*

*Giancarlo and Rosanna knew that this little colt had immense potentials. As a show horse and one day as a sire as well. Time proved them right.*

*After a couple of shows in Italy where Luca Oberti showed him to his wins, Ajman Moniscione made his way to Northern Europe after Frank Spoenle had set his eyes on him. The relationship between Frank and Ajman and the Buzzi Family went a long way and through incredible success.*

*Ajman Moniscione is one of the most exotic stallions the breed has ever seen... His incredible face and huge black eyes are really breathtaking and he has proved to pass on to his sons and daughters these special features. He is one in a lifetime horse. And the Buzzis knew from the beginning on.*

*Countless offers had been made from all over the world to purchase Ajman. From his first outing he captured the hearts of judges and crowds alike. Giancarlo and Rosanna made a decision years ago to never sell him, even though tempting offers kept coming... and still do...*

*The devotion the Buzzi Family has for this stallion, the respect and appreciation are endless. He changed their lives, and they know.*

*But let's go back a few years when Ajman was only a two year old colt. In the capable hands of Frank Spoenle he took Europe by storm in 2005. Gathering championship titles from Menton, to Aachen, to the Europeans, culminating with the best head trophy and top ten awards in Paris. Ajman Moniscione proved that year what his breeders believed from the first moment they saw him... He was truly one of a kind. But his countless show wins are nothing compared to what he achieved as a sire. Breeders from all over the world fell in love with him and entrusted their mares to this young stallion.*

*The results fulfilled all expectations. Out of his first foal crop, two fillies made a strong impact on the European show scene. Baila De Djoon OS and Djoonam OS. Both bred by the Osterhof Stud in Germany and now proudly owned by Al Bidayer Stud in the UAE, these two fillies started to gather success at the major shows in Europe and now, as senior*

mares are producing outstanding babies for their owner. But the one daughter of Ajman that left an indelible mark on the show rings worldwide, and for sure in the heart of the Buzzi Family and the staff at Frank Spoenle Show Training, is Alma Al Tiglio.

A beautiful chestnut filly owned by the Buzzis, who traveled the world from Europe to the Middle East, to America, winning titles on three different continents.

Menton Champion Filly, All Nations Cup, European and World Reserve Champion Filly, Dubai Champion Filly as well as Las Vegas Champion Filly, Alma Al Tiglio has been a dream come true for the Buzzis. Sired by their home bred stallion Ajman Moniscione, Alma brought the Buzzis to leave Italy and travel the world to follow their outstanding filly. Pride and joy were beyond compare for them as they saw the

appreciation this filly gathered from so many different judges around the globe. It would require a whole book to write about all the successful offspring Ajman Moniscione has sired in the last years. Offspring that have won important titles in so many different countries. From Brazil, to North America, to Europe and the Middle East.

We thank the Buzzi Family not only for breeding Ajman Moniscione, but also for the love, devotion and respect they always show for this stallion. He is continuing the legacy his famous ancestors started and his sons and daughters are carrying his name worldwide, and will continue to do so in the years to come, while Ajman enjoys his life at Gestuet Osterhof in Germany where Mr. Heinz Stoeckle takes the best care of him and makes sure his legacy will continue for many years to come. □
