

COUIBORN KA

THE AMERICAN BREAKTHROUGH

Words by Sonja Smaldone (Arabian Horse Magazine)

We can often hear long-experienced breeders maintain that when they assess a horse and try to envisage his possible breeding ability they look to see how strongly the individual resembles his pedigree. If the horse's physical characteristics closely match those of the animals in its pedigree, then breeders believe there is in fact a

very high probability that the horse will be able to reproduce those same qualities and traits with a good amount of consistency. When Equiborn KA came to life at Knocke Arabians, Belgium, in 2012, Arabian breeders Paul and Ria Geysens knew from the very beginning they were witnessing the birth of a clear star who would live up to his progenitors and bring forward their breeding generation. There are two sides to every pedigree and each is equally important. The sire side of Equiborn KA's pedigree is imbued with straight Egyptian blood with his sire QR Marc (Marwan Al Shaqab x Swete Dreams) being a great-grandson of legendary Gazal Al Shaqab (Anaza El Farid by Ruminaja Ali

- Emigracjia (Palas x Emisja). Therefore, Espadilla carries two of the most important bloodlines bred at the State Studs of Poland, and this is what mainly sparkled Paul and Ria Gheysens to choose her as a special partner for QR Marc. No offspring by QR Marc has ever been shown in the same year of their birth except for Equiborn KA. In 2012, the Geysens decided to introduce the foal to their friends at their annual family event and everyone there got just so captivated by the little grey colt's appearance. Reason why, the following year, in 2013, Equiborn was awarded the honor to open the event itself. No more words were needed on that day, but a few minutes of presentation had already stolen the heart of all the attendants. Equiborn stood tall

and charming in the presentation arena, he had a gentle grace about him, elegance perfectly in line with a great movement and charismatic Arabian type. All eyes were on him. That same year, in 2013, Equiborn made his debut in the show-ring grabbing the Gold Yearling Colt title at the Emerald Trophy International Show and the Silver Yearling Colt Championship title at the West Coast Cup as well as being crowned Best Belgium Horse at the show. He concluded that year with the Silver Yearling Male title at the World Championship in Paris. Many successes were achieved by Equiborn with the Schouckens on the lead. He was: Bronze Medal Champion at Menton 2014; Bronze Medal Champion at Menton 2015 regaining the Silver
