QR MARC X EXPOSITA K.A.

WORDS BY SONJA SMALDONE (*Arabian Horse Magazine*)

Born in 2016, at Paul and Ria Gheysens' Knocke Arabians, Belgium, two-year colt Emperor KA (QR Marc x Exposita KA) exemplifies the fineness of his world-renowned sire line, that of Nazeer, via the prestigious line of international super-sires tracing through Mo-

for a long time. Since 2014, Exposita KA has been adorning the stables of her new owner and breeder Al Safir Stud from Kuwait. This gorgeous daughter of QR Marc comes from Poland's exemplary "E" family of champions. Exposita KA is out of Ekina, (Ekstern x Eklera by Echao)

rafic – Shaikh Al Badi - Ruminaja Ali - Anaza El Farid – Gazal Al Shaqab – Marwan Al Shaqab and US born QR Marc. The latter is not only Emperor's sire, but also his maternal grand-sire via his regal Polish dam Exposita KA, who has been one the Gheysens' bred top broodmares

who in turn is a daughter by the legendary Polish sire Ekstern (Monogramm x Ernestyna), source of Emperor KA's excellent top-line, deep dark liquid eyes set wide, and the look of eagles as he checks out the crowd. Ekina's dam is the aristocratic Polish mare Eklera (Echao x Emza)
