Perugia (IT), 07 March 2023 – Costanza Laliscia, the 23-year-old rider from the Fuxiateam of Italia Endurance Stables & Academy, hits a new memorable milestone: on 4 March in AlUla, riding the Arabian mare Fara du Barthas, she took ninth place in The Custodian of the two Holy Mosques Fursan Cup 2023.

The most important endurance race on the world stage has seen the best riders in the world compete for total prize money of 15 million SAR - about 4 million euros - on a 120 km track that is extremely technical and demanding, immersed in the beautiful desert of AlUla, in Saudi Arabia, which gave all the participants breathtaking landscapes and scenery from sunrise to sunset.

# du Barthas

A masterful race for Costanza Laliscia who was the star, together with Fara du Barthas. Laliscia improved her position as the race went on, 70th on the first lap, 38th on the second lap, 18th after the third lap and 9th at the finish line, thus entering the Top 10 for the second consecutive year. Fara du Barthas, an 8-year-old gray purebred Arabian female, certainly did not disappoint, demonstrating her great reliability, confirming her growth path even more on the rise and finishing the race in perfect condition.

The combination from the Agello of Magione stables conducted a tactically impeccable test crossing the finish line at an overall average of 16.773 km/h with a fourth lap at the formidable speed of 22.075 km/h which allowed them to score the highest hourly average in the last round of the whole competition.

Sky-high satisfaction for the entire Fuxiateam of Italia Endurance Stables & Academy and the president

Simona Zucchetto bears witness to it: “We will definitely remember last weekend. Following Costanza and Fara du Barthas kilometer after kilometer was exciting and seeing the great daily work transformed into such an exhilarating performance fills me with joy and pride. My greatest congratulations to the whole team for taking Fuxiateam high in the world once again”. □
