- 1 great catering in VIP area
- 1 beautiful Hotel to host the guests
- 1 stand by Mercedes and many cars for VIPs

Radom is a polish town located 100 km south of the capital, Warsaw, on the Mleczna River, in the Masovian Voivodeship.

The city is home to the biennial Radom Air Show, the largest and best-attended air show in Europe, held during the last weekend of August inside the area of the militare airport.

For two years the city has been holding the All Polish Arabian Horse Championship, the event all dedicated to Arabian horses on the premises of the Radom Aeroclub (Piaśtów grass airfield). The event lasted 2 days during which 83 Polish horses of great quality were showed to the world.

Total amount of 83 horses were entered in 2nd All-Polish Arabian Horse Championships in Radom, in Poland, with 82 making their way to the show ground. It's a double amount compared with the last edition. „I thought that we

All-Polish Arabian Horse Championships - Radom

could combine the promotion of Arabian horses with the promotion of the city of Radom", told us Stanisław Redestowicz.

The organizer of the show was Radom businessman Stanisław Redestowicz, founder of Windoor company and Arabian horse breeder for more than 20 years (Stanred Arabians). Polish breeders remember very well that it was him that introduced the blood of Padrons Psyche into Polish breeding. The bred by his son of Padrons Psyche, born in 2003 Etnodrons Psyche (out of Etnografia by Aloes) sired many daughters which today are broodmares in their maternal stud. His enormous achievement is Orla Turnia (Shanghai Ea x Orlanka) - Silver Champion Junior Filly at the Vichy International Arabian Horse Show 2015, Top 5 Junior Filly at the Qatar International Arabian Horse Show - 2015, Gold Champion Filly at the Arabian Cup B-Show, Deauville 2014.

In Radom there were money prizes for breeders. The main prize – Best in Show – despite being prestigious as the Trophy of the President of Radom, Mr. Radosław Witkowski, under whose patronage the show took place, was also pleasant financially: 15 thousand PLN (around 3500 EUR). The gold medallists won 5 thousand PLN each, the silver – 3 thousand and the bronze – 1 thousand. A class win resulted in 1,200 PLN, second place meant a cheque for 800 PLN and third to fifth earned a reimbursement of the entry fee – 400 PLN. Slightly higher prizes were allotted for foals. The victory in class was at the same time the gold medal: 2,000 PLN (1,000 PLN for second place and 500 from third to fifth place in class). The laureates did not have to wait long to cash in their symbolic cheques – they were realised straight away in the show's office.

The event was for the area a great occasion of gathering and enjoying the place and the warmth of the summer. A big playground was dedicated to kids who together with their families attended the event. All Polish Arabian Horse Championship in Radom were a great example of how a wonderful Arabian horse event can be also a chance to attract people and let them share joy and passion. Many of the people present were in Radom at an Arabian horse show for the first time and had the possibility to admire those wonderful creatures. Most of them already know Arabian horses, love them limitless

and devote themselves to the beauty of Arabians. All together people made the All Polish Arabian Horse Championship a great Arabian horse event not to be missed next years.

Thanks to the Organization, to all the people who worked for the success of the show, to all the participants and to the people who enjoyed the event, and, most important, to the Arabian horses, who are our passion and our life. Best in Show was given to the Michałów's 2 years old EMANOLLA (Vitorio TO - Emandoria/Gazal Al Shaqab)

The other results are:

JUNIOR FEMALE

GOLD: EMANOLLA

(VITORIO TO X EMANDORIA)

SILVER: EFFECTIVA

(KANZ ALBIDAYER X EXTENIA)

Breeder & Owner: Agnieszka Maslanka

BRONZE: ESCOTINA

(ASCOTT DD X EMANCAJA)

Breeder & Owner: Stanislaw Slawinski

The championships enjoyed support from the media and popularity among the spectators, who readily took advantage of the opportunity to admire Arabian horses battling it out among a picnic atmosphere. All portable stalls and movable fencings were manufactured by Windoor company, durable, based on WPC composite from own factory. Under a new brand with solid construction - "Windoor Boxy" passed a hard exam. The championships were organized in accordance with ECAHO rules even if the show was not ECAHO.

Mr Stanislaw Redestowicz invited experienced breeders to judge, well known in the Arabian horse community. Annette Dixon from the UK is very well known and is an experienced judge, Karl Heinz Stoeckle - DE - very well known judge and breeder for his famous farm Gestuet Osterhof and also for being one of the organizers of the show in Aachen, Sami Mohammed Saad - KSA - a breeder and an expert judge very famous at the moment as the owner of Fuerte, recently Gold Champion in Menton. DC: Farhang Fazeli from Iran, well know in Europe as an agent and in Iran for his amazing farm and the show in Teheran he organizes every 2 years. Ring Master - Peter Hegemann - DE - is expert and gentlemen who knows how to be very kind but strict when needed with the handlers. „I really wanted to have excellent hands-on experts to evaluate the work of other breeders”, explains Stanislaw Redestowicz. „The breeder knows the best how much effort has to be put in to later enjoy good success; how many sacrifices and nerves it costs. Breeders, especially private ones, who invest their own money can not only evaluate, but also appreciate the efforts of people for whom breeding is first and foremost a passion". Additional attractions were amazing. Dancing show presented with dancer in Arabian style costume with Arabian pureblood horse during Arabian music was incredible. Beside it, colourful "Bogdan Trojanek i Terne Roma" Gypsy band attracted the Sunday afternoon of this event. "We are very proud of coming a lot of people and horses in these days. Thank you everyone for visiting us and see you next year", emphasized Stanislaw Redestowicz.
