The International B-Show and the European C-Show and Championships with Geldings were parts of the Arabian Horse Days in Ströhen, held on 8th and 9th July and greatly organized by Ismer Family.

Ismers are a big family of long legacy in horses and animals: Ismer Jr. is the owner and the founder of several zooparks around the world. The Farm and also the Zoo is owned by Nils since 2007 in third generation. One of his most important and big parks is just in front of his family house in Ströhen, where the family loves to host friends and once a year this very interesting Arabian horse event, always studded with special moments.

Only two days to discover the beautiful animals who live in the park, to visit the area and to attend the shows, one European C and one International B, in a relaxed atmosphere made of joy, shared passion and conviviality. Music by the very young and promising Mr. Lars Blaak, son of the well known speaker, working also at

this show, Mr. Erik Blaack from The Netherlands, accompanied us for the whole event which opened on Friday evening with a welcome party for all the guests.

Every night a delicious dinner was offered to the guests by Ismer Family who, we can confirm, knows how to host a guest the best way.

Ismer Jr., during our last dinner together, confirmed his attitude to be a great master of the house saying to all the presents: "this has been the best edition of our Arabian Horse Days ever. I would like to warmly thank all our guests who contributed to the success of these days. And thanks to the weather that was perfect during these days as has never ever been before!"

Thank you, Mr. Ismer, for the pleasure to be there at Ströhen show and for all the chance you gave us to see in live animals from all over the world and, on top of that, beautiful Arabian horses.
