260 Arabian Horse lovers gathered to celebrate Ali Jamaal birthday, this May 12, at Haras Meia Lua.

Breeders from Usa, Australia, Chile, Argentina, and Brazil had the privilege of seeing a unique presentation, of Ali Jamaal himself, his sons and daughter, and the actual group of mares of Haras Meia Lua.

Ludjin El Jamaal, now 23 years, looks more spectacular than ever. Eight daughters were presented, all extremely beautiful, and his son Eman el Ludjin, a 2 year old son of Elle Dorada, joins the stallion group of Haras Meia Lua.

The black Perseus el Jamaal, also presented his impressive

group of 7 daughters.

Last came the daughters, granddaughters, grand son and great-grandson of Ali Jamaal.

Ali Jamaal himself made his entrance, people cried and applauded—he is still looking like a king...and people saw that he is one of the great sires of the Century, and looks very near the ideal Arabian Horse.

During his 30 years a breeding program was very successful based on Ali Jamaal linebreeding, selection, linebreeding again, and outcrossing using other stallions, International great sires.
