ZT Kishak

The class/age divisions at this competition are different from the European, Brazilian and American system. To make it easier to understand I'll add the age for each corresponding category.

The Champion Stallion (over 48 months) was dominated by the traditional breeding from Haras Panquehue of the Bulnes family owner of the prefix HP; they own the Champion, the Reserve Champion and the 3rd place.

The Grand Champion Stallion, ZT Kishak, who had won the same title in 2009, is a refined grey and quite alike his father El Shaklan. His mother ZT Kismart, by Imperial Naphar, as her son, comes from the Argentinean breeding program of the German Count Federico Zichy-Thyssen. ZT Kishak has also proved his high quality as a sire. One of his daughters, Nunca Vista Estefanía, is mother of the 3rd place Jr. Colt (24 to 48 months), Puquelahue Don Omar from the breeding program of Haras Puquelahue of Daniel Benavente.

The Reserve Champion Stallion, HP Emir is connected by his bloodline to Brazil. He is the son of ST Synbad, Reserve Brazilian National Champion, and Chilean Champion, who is the son of Halux by the Russian Menes. His mother is Hafati Car-

mel by RSD Dark Victory. HP Emir is already a known sire in Chile; at this National he is the father of the Grand Champion Filly Mayor (12 to 24 months), Alborada Fuad who also won Best Classical Head. She is the daughter of Alborada Karmel by Al Ikisir from Haras Shangrila of Pedro González. The Reserve Champion Stallion HP Emir is also the father of the 3rd place Jr Filly HP Angélica, daughter of Promises Kept by Padrons Psyche, and was shown by Haras Aguas Claras and Haras Panquehue.

The 3rd place Stallion HP Majeed, is also the son of ST Synbad out of Om EL Katana by Sanadik El Shaklan, and belongs to a association between Bulnes family and Haras Aguas Claras, of Herman Chadwick, and leaves his mark at this National with the Reserve Champion Filly Mayor HP Shaella daughter of HP Natalia by Don El Chall from the breeding program of the Bulnes family.

But the most prominent sire at this show was LC Farid. He was already a success at previous Nationals but this time, with 13 Champions, Reserves and 3rd places, he surpassed all expectations and is calling the attention of South Americans breeders, specially the ones that prefer Bey Shah's bloodline.

Shakir is son of Destinee ELS, daughter of Brazilian National Champion Cajun Prince HCF, a grandson of Aladdin through Almaden. The Reserve Champion, HP Shael, has an inverse genetic origin; the paternal line is Brazilian by Hafati Express, son of RSD Dark Victory in Chilean mother, LC Granúa daughter of Palissade and paternal sister of LC Farid. The two lines, paternal and maternal, of the Reserve HP Shael lead to the fantastic Bey Shah, a essential sire in any good breeding program in the world.
