Many match Vichy with yummy candies, with famous creams and with the healing mineral springs... Not many know that the thermal city that rose up in the centre of the nation, years ago was the Capital of France. During the Second World War, Vichy was indeed the shelter of the french general staff. Everybody knows the wealthy origins of staff officers in that period so everybody could image how did they manage easily the magnificent renovation of the site. That's why the "Ville" is today a world famous turistic hub and is promoter of the highest relief cultural exhibitions and sport events. Concerning sport, Vichy boasts two rugby fields, an hippodrome, a golf club, several football fields and a lake for waterskiing and the traditional Triathlon Challenge. Furthermore, in town, reachable by walk from any of the many hotels, there is an equestrian center with 400 stone boxes and 1500 seats tribune, with a nineteenth-century touch, matching harmoniously with the location's refinement. Here - for the third year - has been an outstanding event dedicated to arabian horses, a B class ECAHO show, greatly organized by Daniel and Christiane Souppat. The show has been on the week-end of 26th and 27th July, during sweet sunny days - with this year's rainy summer and autumn-like weather was a luck!

Mr. Souppat, who anytime presents us something new, this year has been given us as gift two surprises: the first one was insert the Foal Classes in catalogue and the second one, even thanks to the sponsor, the Royal Cavalry of Oman (Sultanate of Oman), was the presence of Arabian Essence, the leading web television which allows everybody to follow in streaming all of the shows on laptop, tablet or smartphone, from

everywhere worldwide.

This year five of the most important A Class Judges was invited: Mrs. Christine Jamar (Belgium), Mr. Jaroslav Lacina (Czech Republic), Mr. Nasr Marei (Egypt), Mr. Francesco Santoro (Italy) and Mr. Marek Trela (Poland).
