Intarah Dream Embryo Auction

During the weekend of the Las Vegas World Cup, an auction was organized by the Intarah Group. Luciano Cury, Mario Zerlotti and Greg Knowles came with the idea to organize an auction where members of the Arabian community can participate in an event that will encourage the success, energy and glamour of the great auction sales that were held in the 70's and 80's. Embryo's and embryo right are being offered out of some of the best mares in the world. This auction was first held in Brazil where is garnered over 1.9 million dollars in sales. This year, 18 unborn foals and 6 embryo rights were sold at a

total of 1.4 million dollars. Best selling lots were \$120,000 for the embryo of Marwan al Shaqab x RD Marciena – sold to Rae Dawn Arabians, \$120,000 for an embryo of QR Marc x Valori TRF – sold to Dann & Maureen Grossman, who also bought the most expensive embryo right of the auction: \$ 200,000 for RH Triana!

The auction was quite the spectacle and brilliantly set up by Luciano, Mario and Gregg. Good video material, good food, great atmosphere and great mares to choose from! Also the auctioneer did a fantastic job, selling every single lot in the auction. We are looking forward to the next Intarah auction! □
