DEAUVILLE

International Show ECAHO B

Deauville is a little town on the northern coast of France. From all over the world people meet to attend several events that every year have been held here and establish the town as a cultural hub. The city is known as the St. Tropez of Normandy and attracts a crowd of A-list celebrities, polo players and glamorous hangers-on. With its race course, harbour, international film festival, marinas, conference centre, villas, Grand Casino and sumptuous hotels, the "queen of the Norman beaches" is regarded as one of the most prestigious seaside resorts in all of France. As the closest seaside resort to Paris, the city and its region of the Côte Fleurie (Flowery Coast) has long been home to French high society's seaside houses and is often referred to as the Parisian riviera. In France, it is known perhaps above all for its role in Proust's In Search of Lost Time.

The famous American Film Festival, at its 41st edition in 2015, every year in September gathers some of the biggest directors and actors' names. The Promenade des Planches on the beach is dedicated to the cinema and to famous actors and moviemakers that have come to Deauville.

The racecourse at the equestrian center La Touques is frequented by racing fans, professionals and holidaymakers from all over the globe.

With yearling sales that are famous the world over, a prestigious and varied race programme, and a training centre housing 300 horses throughout the year, Deauville racecourse is both an international showcase for the equestrian world and one of the region's most popular touristic hot spots.

The Pôle International du Cheval, close to the La Touques, hosts the riding school and many equestrian events which

draws horses passionates and aficionados.

The arabian horse show is one of them and is held in a brand-new big covered arena made of wood and glass which benefits of natural light.

In this stunning location the second International ECAHO-B Deauville Arabian Cup has been held on Saturday 10th and Sunday 11th October.

Eric Gear has perfectly managed his expert and careful staff offering us all a pleasant two day show full of special extra-moments amongst which a great gala dinner with music from Paris and the exciting stallions parade out of the competition. The sun has given us all fantastic bright days, as a gift.

Stunning location, perfect management and sun have been three ingredients of a successful arabian horse show.

Arabian Essence has been broadcast the online streaming of the show and its results.

And TuttoArabi has been the international media partner to give you, our dear Readers, the best connection with all shows all over the world.

Almost 90 horses entered have been judged by a great team of judges: Mrs Christian Chazel from France, Mr. Josy Everars (Belgium) Mrs Anna Stojanaska (Poland), Mr Ferdinand Schwestermann (Switzerland).

The speaker was Arnaud Bertero.

Congratulations also to the Dc team : Mr. Bertrand Vallette, Mr. Jean Bernand Kupaj, Dr. Xavier Dadlon from France.

Music by Hassan Valsan .
