

ITALIAN NATIONAL *Championship*

by Paola Drera ■ photos by Paola Drera

Over than 100 horses competed for the title of National Champion in the 32nd edition of the Italian National ANICA Championship held on 15th and 16th September in San Giovanni in Marignano, at an exclusive venue, the Horse Riviera Resort. The perfect frame for underlining the Arabian purebred horses' beauty.

The great participation by big and small breeders coming from all over the Nation with their high quality horses and the significant prize money given by the Association to the winners – 30.000 € to be split into the 6 categories – contributed to the success of the show. □
