The 1st Edition of AHO Arabian Horse Championship for the Tunisian and Libyan Breeders

by Fabio Brianzoni ■ photos by Paola Drera

After 22 years spent attending Arabian horse shows worldwide I must say that assisting at the birth of new shows in countries that hasn't any of them has been giving me excitement. As well as being enthusiastic about it, Tutto Arabi is honoured to be present at a first show's edition.

That's why I proudly attended the first AHO Tunisian and Libyan Arabian Horse Breeders' Championship held on 21st and 22nd September in Tunisi at the Club de la Police Nationale organised by AHO with FNARC and Libyan.

As everybody knows AHO thanks to its founder HRH Prince Abdulaziz bin Ahmed bin Abdulaziz Al Saud, has been helping many breeders by organizing prizemoney shows. Many of them are managed by Dr. Mohamed Machmoum and Dr. Said Wafa. Tunisia is a wonderful country with many Arabian horse lovers. We received a very warm welcome and the organisation was excellent.

On 21st an elegant venue hosted the educational meeting focused on the Arabian horse world. Many breeders attended the realtors who explained how to show Arabian horses and how to feed and care them the best way.

Mr. Abdelhak Ben Younes, President of FNARC, Dr. Salem El Barrak from Libya and Dr. Mohamed Machmoum were the speakers of the meeting who answered to many questions from the public.

On 22nd at 9 a.m. the first "Tunisiens et Libyens" show started under the shining sun. In the ring the horses were judged by Mrs. Pilar Caverio Pino (Esp), Mr. Daniel Souppat (Fr) and Dr. Mustafa Yaaraf. Ringmaster Dr. Dyaa Eddine Zlitni (Libye). Of course the quality need to increase but we are sure that in the next years a good level will be reached.
