

AN ODE TO *Mallorca*

by Giorgia Mauri ■ photos by Alessio Azzali, SiR

Our warm thanks goes to Antonia Bautista, Philip Looyens and Marieta Salas for organising “An ode to Mallorca”, a special event in three days where many guests were invited to participate in the Breeders seminars about Arabian horses and in the open days at the two farms. Bautista Vich Stud owned by Bautista Vich Family and Ses Planes owned by Marieta Salas were the incredibly beautiful places where guests were hosted to see the best of the best the island can offer in terms of excellence in breeding. The speakers of the Breeders seminars were Marieta Salas and Heinz Stockle. The rain showers in the area during the days refreshed the atmosphere and didn't ruin anything of the many details that made the event remarkable. Elegance and beauty were the buzzwords of the three

days. Elegance and beauty of the locations, elegance and beauty of the magnificent horses shown and of the guests, especially women, who underlined with their charm the leit motive of the event.

“An ode to Mallorca” was a memorable occasion to meet each other in a extraordinary place whose grace words cannot tell. The atmosphere was magic, the power of nature was at the same time frame and protagonist. Pictures can give just an idea, a suggestion about what was the feeling during the open days.

Thanks for inviting us and giving to all the guests something to remember forever. We suggest our Readers to visit personally Bautista Vich Stud and Ses Planes where you can meet an incredible genetic power and two of the most passionated horse breeders in the world. □
