

PRAGUE INTERCUP

Prague Intercup was this year moved to a new date.
The Czech National Show and the International ECAHO B Show
were held on 18th and 19th of May.

Saturday morning started with the Czech National Show, where expert judges were invited: Mrs. Marianne Tengsted (DK), Mrs. Michaela Weidner (DE) Dr. Mahmoud Mohsen (EG) and Mr. Sulaiman Al Hattali (OM). Throughout both days Mr. Farhang Fazeli (IRN), Mrs. Line Brunsgaard (DK) and Mrs. Laura Mascagna (IT) were the Disciplinary Committees and the Ring Master was Mr. Peter Hegemann from Germany.

As always, after the Czech National Show on Saturday afternoon the International Show continued with 62 entered horses and a lot of special trophies. According to the rules, a different group of expert judges was chosen for the International show: Mrs. Claudia

Darius from German, from Belgium Mrs. Helen Henneken, from Palestine Mr. Sufian Taba and from Italy Mr. Cristian Moschini.

Both shows were again designed by Mr. Drazen Lazic, and were led by the voice of Mrs. Zuzana Slavikova, speaker through the whole Prague Intercup event.

The event was, both Saturday and Sunday, attended by more than 2000 people, including guests, breeders and owners in the VIP area. Prague Intercup was held on the same outdoor location as last year, in Letna Park, placed right next to the Prague Castle, which is visible from the showground. This event is one of the only events, placed in such a central way, where the attractions of Prague are actually only a walking distance away. This makes the show more visible and more accessible to the spectators, as this year also proved by the view of filled tribunes on both days. Also this year, for the first time since Prague Intercup's move to the outside showground, the weather was sunny and perfect.

Letna Park represents the lung of Prague and is on the Letna hill, from where a great panorama of the old town, the Prague Castle and Vltava river can be admired. One of the most special attractions on Letna is undoubtedly the giant red Metronome, placed in 1991 where the biggest Stalin monument in the world was built in 1955 and destroyed in 1962. The Metronome, 23 mt, is designed by the international artist Vratislav Novák. Walking through Letna park, and getting to the other side of it, which takes about 10 minutes, offers a choice of either staying on that side of the river or crossing the river to the other side. Both sides of the Vltava river are worth the discovery of how much history this beautiful city truly tells.

Again this year, the Czech National Show and the

International B Show solidified their presence on the list of the many events held every year on this charming hill. The city of Prague offers quite a few tourist attractions, such as the astronomical clock in the old town square and the Klementinum library. The Klementinum national library in Prague is considered by many to be one of the finest examples of baroque architecture in the world. It is part of a historical complex of buildings that cover an area of about 20 thousand square meters. Inaugurated in 1722, it once represented the third largest Jesuit college in the world. Apart from the history that is also offered in Prague's world-class museums, the city offers a lot of historical galleries, concert halls, cinemas and music clubs. Not to forget some of the most breathtaking views around the city.

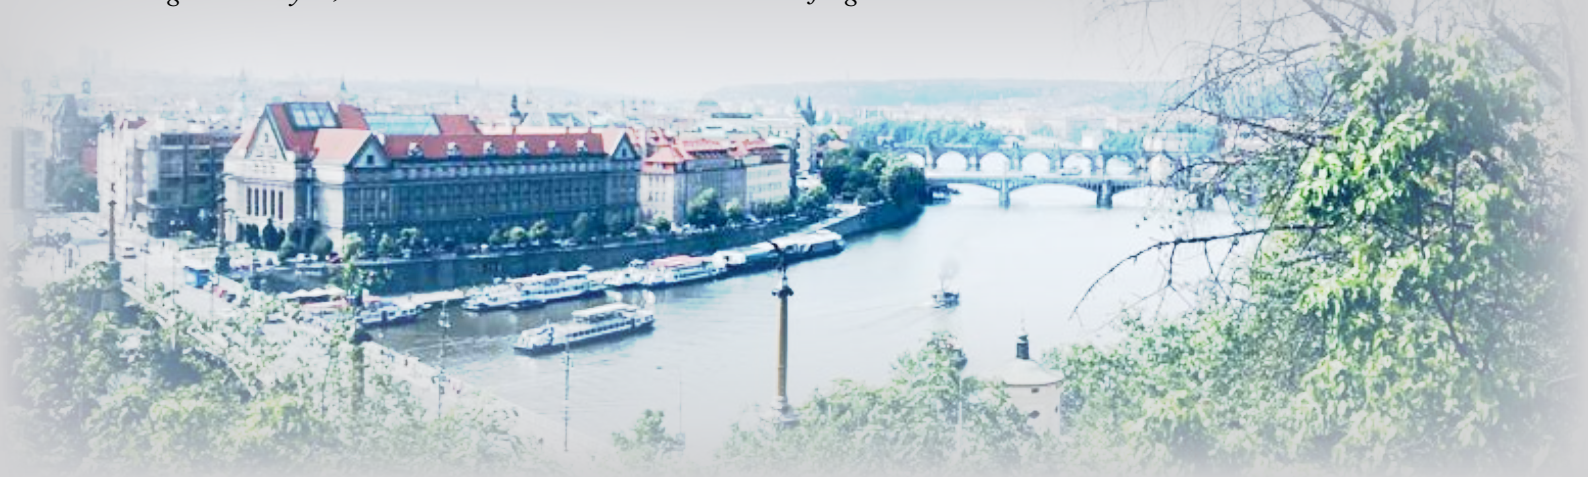

All these beautiful monuments suggest to the people gathered for the show that, in addition to a great and prestigious event in Prague, you have the chance to be a "tourist for a weekend"!

The Saturday evening event offered by the organizer ACHPAK, was the most visited one thus far. The show presented in the arena was both interesting, entertaining and educational, as the riding department from the Prague Police were invited to the arena, to show what it is they do on their horses during different tasks in the city. Followed by a performance with the American miniature horses, the baroque performance on horses and also a performance on horses showcasing the oriental army fight training.

On Sunday morning the show continued and was dedicated to mare and stallion classes, while the afternoon belonged to the championships. As usual, two championships were held, the ECAHO Championship and the European Cup. The European Cup was this year graciously sponsored by Knocke Arabians, where prize money was given to the winners. Worth mentioning when it comes to prizes, is the sponsor Halama Glass, who again beautifully handcrafted all the arabian horse glass trophies, especially created for the Prague Intercup event.

To this show, to the city that hosts it, to the people who are the soul of this event and to its great patron, Mr. Jaroslav Lacina – the ACHPAK president (Czech Association For Purebred Arabian Horses), organizer and ECAHO President – go our warmest congratulations.. □
