**On the 29 – 30th of June a very special show took place in Poland – All-Polish Horse Championship in Radom. The show made its debut in year 2016 on the outskirts of Radom, on the premises of the Radom Aeroclub (Piaśtów grass airfield) and was successfully held every year. Also this year the All-Polish Arabian Horse Championship Radom successfully took place for the fourth time. The event lasted for 2 days during which Polish horses of very high quality were showed to the gathered audience and to the world. A total of 89 horses were entered, with 81 making their way to the show ground.**

*In Radom there were money prizes for breeders. Total amount of prizes was 103.900 PLN net. The main prize – Best in Show – despite being prestigious as the Trophy of the President of Radom, Mr. Radosław Witkowski, under whose patronage the show took place, was also pleasant financially with the amount of 15 thousand PLN (around 3500 EUR). The gold Championship medalists won 5 thousand PLN each, the silver medalists – 3 thousand PLN each and the bronze medalists – 1 thousand PLN each. A class win resulted in prize of 1,200 PLN, second place in prize of 800 PLN and third to fifth earned prize of 400 PLN. Higher prizes were allotted for a foal class where the prize for the first place was 2,000 PLN, for the second place 1,500 PLN and 1000 PLN for the third place. Also the prize money of 800 PLN was guaranteed to each of all foals competing in the foal class. Also the laureates did not have to wait long to cash their symbolic cheques – they were as always realised straight away in the show's office.*
