## Brazilian Cup - Judging done by the grade system

Text and photos: Rogério Santos

**B**razilian Cup was organized to give another opportunity to the breeders that by some reason were not able to grade their horses for the National. It takes place at the beginning of the National and is judged by the same judges. This year the Association decided that the Cup would be judged by something similar to the European system. Not only it added a differential to the halter judging, being that the National is judged by the comparative system, but also gave the Brazilians the opportunity to evaluate this form of judging.

The results were as follow:

### Stallions:

**Gold Medal:** EZ Vegas Mirage (Mirage LM x EZ Sophia Don Elchall) from Haras El Zahran
