

# Qatar

*Qatar has a long history of Arabian horse breeding and the horses presented on the following pages reflect many generations of the quality to be found and bred by Qatari breeders. A lot of passion and camaraderie is shared by those breeders. Over the past few years the interest in Arabian horses has grown a lot amongst the people of Qatar. Many new farms have risen from the desert sands and the entries in competitions have been multiplied dramatically. The future of the Arabian in its home country looks bright.*
