

# THE 2022 Brazilian National

*Arabian Horse Show*

by Mario Braga

The 2022 edition of the Brazilian National Show, held in the beautiful facilities of Helvetia Riding Center, from the 6th to the 12th of July, was once again a great success. The six-day event included the halter and performance classes from both the Brazil Cup and the National Show, as well as the ridden classes from the ANCAF (National Arabian Horse Association for the Functional Horse) circuit and the beautiful Welcome Dinner awarding the best of 2020 and 2021.

The traditional Brazilian Farm Tours (this year's hosts were Haras Vila dos Pinheiros and Haras Cruzeiro) and the Special Presentation (a showcase open to all breeders to offer breedings, embryos and horses from their programs) were held on the three days following the show.

Overall, the total sale's revenue generated during all the above events reached an unprecedented amount of over 10 million reais with horses sold to Brazil, Chile, Saudi Arabia, Uruguay and the USA.

This year the Brazilian Arabian Horse Breeders Association had the big challenge of bringing the show back to the month of July, hence having only six months instead of a whole year to organize what is arguably the biggest Arabian horse show in Latin America. It proved to be a wise decision, since the event received a record number of approximately 5000 visitors, not only domestic but also from all over the world, not to mention over 35.000 accesses to the live broadcast of the show.

A memorable show indeed with many champions coming back to secure their titles, runner ups aiming for the gold and some exciting newcomers willing to fight for their spot in the sun. A fierce competition surrounded by a lot of fun and camaraderie: that is the overall vibe that year after year the Brazilian National Show brings to its exhibitors and spectators.

Throughout the week of the National Show, many other related events enriched the schedule. The Functional Arabian Horse National Association (ANCAF) jointly with ABCCA National hosted once again the championship finals for their classes in barrel racing and base in the outside arena.

The endurance and the racing were also very present with races taking place in both São Paulo's Cidade Jardim racetrack and in Indaiatuba, closing a successful calendar year full of amazing events.

With an eye for fostering the youth within this great community, the ABCCA through its Promotions Vice President Cristiane Guardia created the ABCCA Kids program. This year an innovation was presented where the kids were invited to the center ring to experience the job of judging in halter. A great idea that is sure to be repeated in future venues.

In the meantime, in the indoor arena, the Brazil Cup and then the Brazilian National Show took place, once again dazzling the audience with the great quality level of the horses shown.

# THE 41<sup>ST</sup> BRAZILIAN NATIONAL CHAMPIONSHIPS

**T**he Brazilian Nationals is arguably one of the few shows in the world to constantly display a very broad group of judges from all over the planet, meaning that if a horse eventually accomplishes at this show a unanimous win, or at least a win in the majority of the judge's cards, odds are that he or she is going to win big anywhere else.

To judge the Brazilian National show this year, a very diverse and internationally accomplished panel of judges was invited, namely:

Brian Ferguson (USA)  
 Claudia Darius (GERMANY)  
 Graham Smith (AUSTRALIA)  
 Marek Trela (POLAND)  
 Paul Kostial (USA)  
 Reinaldo da Rocha Leão (BRAZIL)

To watch the younger halter divisions at Nationals is always an amazing learning experience for it is the moment where the breeding trends in Brazil get evidenced through the mostly chosen stallions in absolute numbers of descendants as well as with most wins at the show thorough their presented offspring. Sires like Dominic M, Bandit SRA, HDF Lugano, Quasim CRH, Ragnar Rach and Vivaldi al Shawan, among others, marked a strong presence in that sense.

It is also the moment to witness the debut presentation of some exciting upcoming sires get, such as last year's National Young Champion Stallion EKS Farouk (by Ibn Farid), the reigning National Young Stallion Champion TM Itaipu (by \*El Tino), as well as Jytan Meia Lua (by El JahezWH), Kaburr el Karim JQ (by Karim el Power), Cash del Tino JM( by El Tino), HTS Domenico (by Dominic M), Talaal Serondella (by Shiraz de Lafon) and Pharaoh HBV(by Psyche HBV), among others.

*Gold Junior Jr Filly - Khaleesi El Lami RB*

In the Junior Junior Filly the Gold winner came from the traditional breeding program of Haras das Cascatas, from Adriana and Alessandra Moura. Khaleesi al Lami RB, owned by Luciano Cury of Haras Boa Vista, Royal Arabians and Desert Sky Arabians is a beautiful bay Dominic M daughter, out of the El Tino daughter Lami el Sabah RB. In the Silver spot was the grey beauty TM Ipanema, a daughter of the much talked about TM Itaipu out of a daughter of the deceased Egyptian stallion Al Hadyah AA bred and owned by Haras Trindade de Minas by the time of her win. The Bronze Champion Zenah Serondella is yet another beautiful daughter of Dominc M out of the show's Gold Champion Senior Mare Rhavina Serondella (by Gazal al Shaqab).

The Junior Junior Colt Championship brought the get of three young sires to the public. The Gold winner Keanu LA, bred and owned by Haras Cruzeiro, displayed not only incredible looks but also a true global pedigree being by the impressive South African import EKS Farouk out of

Brasilia LA, a daughter of Marwan al Shaqab out of Turchiya MPE who in turn is a daughter of WH Justice and the iconic European aristocrat Thee Rahiba. The runner up taking the Silver title was DestinyHEC, bred and owned by Haras Estancia California, a son of Jytan Meia Lua (El Jahez WH x Jyvara Maktub by RFI Maktub) out of Mars Princess HEC by Mars Simbad HEC out of Queen HEC, a daughter of yet another icon, Khyara HEC. Jytan, presently owned in a partnership between Haras Estancia California and TP Arabians, is a full brother to Jyvar Meia Lua, owned by Estancia Monte Verde, who is also proving to be an amazing sire in Brazil. Their mother Jyvara Maktub is a full sister to La Movida's Chief Sire Jyar Meia Lua. The great breeder Lenita Perroy of Haras Meia Lua was the one who bred all three of them. The Bronze Champion was the handsome HTS Massimo (HTS Domenico x HTS Erika by Marilon Boss) a third generation of the breeding program of Mr. Rolando Kuert of Haras Terra do Sol.

The Junior Filly Gold Champion repeated her win from last year when she was the Junior Junior Filly Champion in 2021. Bred and owned by Casa Branca Agropastoril My Best Surprise FWM is a beautiful grey daughter of Bandit SRA out of the El Tino daughter Nahla el Madan. Also out of an El Tino daughter was the beautiful Silver Champion Victoria AL by Dominic M out of Maria AL, bred by Haras Canãa of Abel Leopoldino and owned by Desert Sky Arabians, and the Ragnar Rach daughter Jandaia Rach (x Justine Rach), bred and owned by Rach Stud, who was chosen the Bronze Champion in the Filly Championship.

Likewise in the Junior Colt division, a previous winner came back to claim the ultimate title. Rakheem Serondella K, who won his age class last year as a Junior Junior

Colt at Nationals, came back this year and won the Gold Championship. Bred and owned in a partnership between Fabio Amorosino of Haras Serondella, who bred his father Talaal Serondella (a son of Shiraz de Lafon out of a daughter of Ludjin el Jamaal and the iconic Elle Dorada) and Murilo Kammer of Haras Aratinga, who bred his mother Rowena K, a daughter of the World Champion Stallion QR Marc and Brazilian National Champion Mare Rayanna K). The Silver and the Bronze winners were both by Dominic M. The Silver winner was last year's Junior Junior National Gold Champion Royal Dominion (X Lumiar Ethna by RFI Maktub, Brazilian and Chilean National Champion herself) bred and owned by Royal Arabians and the Bronze being Maximillion NA (x Makala NA by Ever After NA), recently imported by Thiago Pontes and bred by North Arabians.

The Gold Young Champion Filly in 2022 was the beautiful Melody by Vivaldi (Vivaldi al Shawan x HAH Sweet Ventura by HK Keav Power) bred and owned by Humberto Florezi, yet another proof of her sire and maternal grandsire's prepotency as champion producers, both bred by Cesar Schmidt by Haras Katu. Interestingly her full sister HK Sweet La Vita bred by Haras Katu and Haras Al Hosçan and exported to Anvil Arabians in the U.S.A was the winner the same age group class at the National Show in 2021. The Silver Champion Filly La Belle de Jour HBV (Pharaoh HBV x Prada HBV by Sir Fames HBV) was bred and owned by Luciano Cury of Haras Boa Vista. Luciano was also the breeder of the famous stallion Sir Fames HBV the grandsire of this filly. Pharaoh HBV, her sire, is quickly being recognized as one of the present top upcoming stallions having sired both Silver Champion Filly and Colt not to mention the recent Silver Filly Champion at the Elran Cup in Europe, as well as other additional winning

get. His sire Psyche HBV, also bred by Haras Boa Vista is by the great Padrone Psyche out of the famous black Bey Shah daughter NV Cocoa, hence a full brother to the international Champion Psyches Illusion HBV. His mother is the ethereal Brazilian National Champion Mare RFI Sophie el Maktub. The Bronze champion filly title went to Zahra di Azraff JM, by U.S. and Argentinean National Champion SM Azraff and MC Vitoria by Vitorio TO. She was bred and owned by Jose Alves Filho of Haras JM.

The Young Colt Championship was the only one to earn a unanimous win. Rightfully so the impressive Polahris HVP reigned supreme at this year's Nationals confirming his great quality, already witnessed in 2021 when he won the Platinum Cup and highest point horse at the prestigious Brazilian Breeders' Cup Show. He is by U.S. National Champion Polidoro FC out of the beautiful Hariry al Shaqab daughter Chaaris RBV. He is bred and owned by Haras Vila dos Pinheiros who is grooming him to become their future herd sire. Quite a task for any horse since they also bred such notables stallions as Magnum Chall HVP, Vulcano HVP, Menton HVP and Laman HVP. Winning the Silver was another beautiful son of the above-mentioned Pharaoh HBV, Kidark HBV (x Seduction HBV by Power World JQ). Also from Vila dos Pinheiros was Lughan HVP (HDF Lugano x Princess Marwan HVP by Marwan al Shaqab) the winner of the Bronze title.

Once again Dominic M made a strong presence in the Filly Championship. All the way from Chile, where she was named Reserve Champion Mare, Lonco Dalilah (x Stig Zaphyra by El Tino), bred and owned by Ricardo Duch's Haras Lonco, came to win the Gold in Brazil. In the Silver spot was the Silver beauty Sapphire RB (Emerald Jx Symphony RB by Sirajj UB) bred by Haras das Cascatas

and owned by Luciano Cury of Haras Boa Vista, Royal Arabians and Desert Sky Arabians, a filly that earned top glories in the previous big wins including the Brazilian Breeders' Cup and the Nationals. Wrapping up Dominic's incredible results was his daughter Hermione 7F (x Beatrix ZR by Salieri K).

The typey bay colt Rhayn el Kaburr JQ (Kaburr el Karim JQ x Ryhana el Shawan JQ), a fourth generation of Haras dos Faveiros breeding brought the Gold to his proud owners Dr. Jairo Queiroz Jorge and his son Iran Jorge. Claiming the Silver was the beautiful son of El Jahez WH, Unno Serondella, bred and owned by Haras Serondella,

whose mother Only Serondella was last year National Silver Champion Senior Mare and also the mother of five winners at the same show. The impressive dark bay colt RFI Petrus HPA (Quasim CRH x Evening Star TGS by Lumiar Amadeus), bred and owned in partnership between RFI Arabians from the Forte Family and Marcos Quintella of Haras Panorama was the winner of the Bronze title. He is a three quarter brother of National Champion Mare Lumiar Ethna, and like her he inherited the beautiful dark color from their grandmother Promise V the beautiful Brazilian National Champion Mare and daughter of the legendary Huckleberry Bey V in the dam line and from RSD Dark Victory in the sire line.

## The ABCCA Life Achievement Award

# Dr Jairo Queiroz Jorge

This year's recipient of the Life Achievement trophy presented by ABCCA was Dr. Jairo Queiroz Jorge of Haras dos Faveiros. A much-deserved homage for one of the greatest breeders in Brazilian history much respected and admired all over the world.

Haras dos Faveiros also have the rare distinction of creating and keeping a sire line for four generations within its breeding program, a rare branch of Kuhailan Haifi line, which is very scarce in most countries in the present time.

Sometime after purchasing the U.S and Brazilian Reserve National Champion \*World Series (Strike x Lovesongs by Bask) from his friend Orestes Prata, Dr. Jairo produced the above-mentioned National Champion Power World JQ who in turn produced the National Champion Karim el Power JQ (x Kuala Balih by CG Balih el Jamaal). From Karim came Kaburr el Karim JQ (x Dhevla ATA by TS Don Brave) who despite

Many champions have been produced by Haras dos Faveiros throughout several decades of existence, most notably the internationally acclaimed sires Don el Chall (Prichal x AF Donana) and Brazilian National Champion Stallion Power World JQ (\*World Series x Noble Illusion JP by Anaaza Maroouf). Power World, in turn, is the sire and grandsire of two international winning superstars bred by Dr. Jairo, both Brazilian National Champions, namely his daughter Miss el Power JQ, exported to the Middle East and his granddaughter Miucha el Shawan JQ exported to the U.S.

a very young age has already shown his amazing quality as a sire at this year's Nationals through his son Rhyan el Kaburr JQ who was recently named National Champion Colt. A special mention to another important son of Power World JQ is also due.

Though bred not by Dr. Jairo but by his longtime friend Cesar Schmidt, HK Keav Power (x HK La Rosa Laswan) though deceased at a very young age, has become one of Brazil's most important sires, with many National Champion get to his credit. According to Cesar the breeding that allowed Kiev to exist, was a gift given from Dr. Jairo to him, yet another testimony of his kindness and friendship to so many. A full sister to Kiev is the beautiful and accomplished HK La Fiesta Power, a multi national winner and the mother of the Brazilian National Champion and top sire Vivaldi el Shawan, both also bred by Cesar Schmidt of Haras Katu.

Another important chapter on Dr Jairo's history was the purchase and the creation of the FA El Shawan partnership, a stallion that became one of the horses with most National wins in Brazil and the sire of some of the most important sires of our times, including FA El Rasheem.

The legacy of Haras dos Faveiros is as strong as ever thanks to the efforts of Dr. Jairo and his sons Iran and Gustavo.

## THE STALLIONS AND MARES FINALS

**T**he four finals that include Young and Senior Mares and Young and Senior Stallions is always a highlight at the show. This year was no different.

In the mare division, Haras Serondella, winner of Best Breeder and Best Exhibitor of the show, had the distinction of winning two Golds (Young and Senior Champion Mares) and one Silver (Young mare), with Rach Stud winning one Silver and one Bronze (Senior Mares) and Haras Aratinga taking a Bronze (Young Mare).

In the stallion division four horses from four different countries shared the first four places, the Young Gold being bred and born in Brazil, the Young Silver from Chile, the Senior Gold from the United States and the Silver Senior from Italy.

In regards to sire lines all of the top three champions for each of these four classes were either from the Saklawi or the Mirage sire lines. Tracing to Saklawi were descendants of Gazal al Shaqab and his own descendants such as Hariry al Shaqab, Aria Impresario but also from Padron through Eden C and his son AAS Elishahh. The Mirage descendants come all from Bey Shah, most through Versace and his sons Da Vinci FM and DA Valentino and grandsons \*El Tino, \*Bandit SRA, AJ Mardaan and Dominic M (HP Ali and RFI Maktub come from a different branch).

## BRAZILIAN FARM TOURS

**T**he Farm Tour is a project that became a big success among the breeders who come to attend the National Show. It happens for three days following the end of the show. It is a chance to see the latest news on the host's breeding program, as well as buying top quality horses, breeding and embryos and meeting friends for a chat.

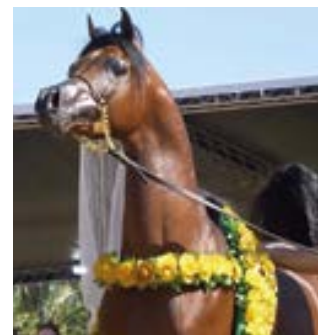

The first day of the event was at the beautiful facilities of Haras Vila dos Pinheiros where an auction of international quality was held and some record prices were reached repeating the success of HVP Auction Worldwide Edition of last year. Twenty-five mares

and 5 embryos were offered and buyers included breeders from the U.S.A., Uruguay, Qatar and Saudi Arabia. Among the top lots was the iconic WH Justice daughter RP Joharra purchased by Royal Arabians, the magnificent FA El Shawan daughter Charlotte HVP purchased by Haras Cruzeiro and the Shanghai EA daughter Chiarella HVP purchased by Flavia Torres. Many lots were purchased by groups of breeders who got together to form condominiums to reach the winning bids.

On the following day the event was hosted by Haras Cruzeiro and held at the facilities of Zico and Cristiane Guardia's Stud Training Center. During the presentation the highly anticipated production of the beautiful National Champion EKS Farouk was shown, being praised by the audience for their beauty, movement and charisma. The current National Champion stallion Harjeet MA was also presented allowing the public to take a closer look to this international Champion Stallion on lease in Brazil for Haras Cruzeiro, Haras JM and Haras Santa Marta. There were sales to breeders in Brazil and the U.S.

The last day of the event hosted the Special Presentation, a project started last year and created to allow small breeders to showcase their horses and stallions, having a platform to trade them. As it happened in 2021 the sales results were very good and a special lot that has brought much attention was an embryo donated from Rach Stud and Haras Carandá to ABCCA from Bandit SRA and Persephone Rach, hence a full sibling to the beautiful Multi National Champion Preferida Rach. The embryo was purchased by Royal Arabians.

Another successful Brazilian Nationals for the records! See you all in 2023!

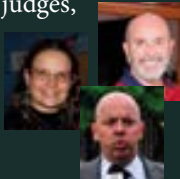

# THE BRAZIL CUP

Opening the event was the second and final round of this year's Brazil Cup. Fifty-one horses from nine different exhibitors were divided in halter classes, as well as produce of dam, get of sire and most classic head.
