

n this very long, hot summer that is holding all of Europe in its grip, let us forget for a moment our weather woes and enjoy cool, green Belgium. We arrive in Bilzen by car from Brussels driving 75 kilometers through deep green forests and tidy gardens of delightful single-family brick cottages with a Flemish flair. Alden Biesen Castle is the venue for the show and welcomes us upon arrival: an imposing late medieval building that has been destroyed and rebuilt several times-in fact, the current building is from the 16th century-each beautifully maintained, nestled in its own gardens and parkland that houses a medieval-style camping area, two refreshments and pastures for cows and sheep. A marked trail suitable for families and children offers day and evening tours of the area. By dark, which comes quietly after 10 p.m., it is possible to participate in an atmospheric guided tour of both the gardens and the church inside the castle. The show takes place in a green area right in front of the castle. We thank Kristel Everars and Family for once again organizing this edition of the Elran Cup, a delightful edition to say the least. Perfect timing, chic location, delicious catering, rich and well done barbecue, fresh fruit, kind and very considerate service. All providing a backdrop for the 50 horses in the show, who brought their exclusive beauty to this corner of paradise. So congratulations to the winners of the championships that you can admire in the pictures taken by talented Henrike Hoermann.

Next year mark this date on your calendar and don't miss this show that deserves to be experienced in person. Bring your families and friends and enjoy this event. Take it as an opportunity to come here and visit trainers and breeders in the area. It is truly a trip worth taking. We look forward to seeing you!
