

# National Days of Arabian Horse Vichy 2022

12-15 August 2022

text by: Aca  
photos by: Lore Beckers

***D**espite a meteorological alert that compelled us all to change the program of the French Nationals and a difficult economical state for the breeders, the endurance breeding competition finale and the French nationals 2022 will leave us with some great memories.*

*Nevertheless we must observe that the objective of the French Arabian Horse Association (Aca) which was to strengthen ties between breeders of arabian Horses (Show, Endurance and Flat race) wasn't reached.*

*The program was as following:*

- August 12th, Endurance breeding finale
- August 13th, qualifying classes of the French nationals

*- August 14th, French national championships et special trophies*

*- August 15th, closing event with 2 flat races for Arabians including one sponsored by Aca during the annual reunion at Vichy-Bellerive.*

*Thanks to our faithful sponsors: Albidayer Stud, De Cartherey Arabians, Haras de Nautiac, Kalliste Arabians, Shah Arabians, Ecaho et the Élevage de Bozouls / SARL Mezagri and thanks to livestream covered by the excellent team of Arabian Essence TV, the organization was able to make a quality event and meet the expectations of all, at the event or afar.*

## FRIDAY, AUGUST 12 ENDURANCE BREEDING FINALE

**T**he finale is accessible to all Pure Arabian and part-Arabian horses that were qualified in regional competitions.

The number of participants this year was 47, less than the previous years which we believe is a consequence of the difficult economical state, the increase of fuels and the heatwave that made the transport of horses challenging. This finale still is a goal for breeders specialized in breeding endurance horses as it is a great window to highlight their breeding and especially their young males.

The 2022 jury was:

- Dr Ignasi Casas from Spain, the coach of the spanish endurance team
- Mr Stéphane Chazel from France, President of the French National Arabian Horse Association (Aca)
- Mr Emiliano Seriola from Italy. Farrier, broker, and judge Aca.

To the jury we must add the very efficient team of ringmasters: Mrs Laetitia Valdebouze, Mr Ghislain Coutre and Mr Jean René Laousse. They secured the perfect conduct of the event.

The competition is open for juniors only: 1, 2 and 3 years old females, males and geldings. They are marked with a scorecard oriented first for the use of the horse in the discipline "endurance", the breed characteristics come in second.

Modele, walk and trot are judged by hand while canter is judged freely in the arena.

We witnessed a very good level of 1-, 2- and 3-years old foals with a great class of 13 – 3 years old males and geldings.

It is at the Tahiti-Plage riverside of Allier that we all celebrated the breeders' night to close this beautiful annual meeting with laughter and warmth.

## SATURDAY, AUGUST 13 FRENCH NATIONAL CHAMPIONSHIPS

---

**A**n unplanned weather alert to storm and high winds for the championship day disrupted the organization of the weekend.

For safety reasons and after discussion with everyone involved it was decided to make everything the same day.

The 2022 jury was:

- Mr Alain Chatton from France
- Mr Robbie Den Hartog from Netherland
- Mr Regis Huet from France
- Mr Didier Riviere from France
- Mr Fausto Scanzi from Italy

The Disciplinary committee was:

- Dr Malak Benamar
- Mr Bart Beckers
- Mr Jean-Marc Dubois

While the ring was handled under the master hand of Mr Jean-Bernard Kupaj.

Ms Alizee Huet managed the music and Mr Guy de Fontaine was our speaker.

The classes ended end of the afternoon and while waiting for the sun to go down to start the championships, we had our traditional TROPHÉE Aca that rewards the most versatile stud of the weekend. This year Mr Marcel Mezy from élevage de Bozouls was honored with the trophy for his participation in the endurance breeding finale and the flat race.

To close this beautiful, long day a buffet was served at the end of the championships so everyone, handlers and teams included could enjoy!
