

# European Breeders Challenge

Photo's by Paola Drera

Welcome to the European Breeders Challenge—an unique event that brings together European breeders and owners in a warm, friendly atmosphere. Our mission is simple yet profound: to encourage breeders to continue their passion, breeding top-quality horses, and showing them in a fun and fair competition where breeding excellence, respect, and camaraderie are the main talk of the show.

Launched in 2023 at select shows in Belgium, the European Breeders Challenge has quickly expanded, with The Netherlands, France, Germany, and Sweden joining our vision this year. We are beyond excited about what the future holds as we continue to spread the passion, joy, and enriching discussions about breeding across the globe!

So, how does it work? The European Breeders Challenge is open to breeders with fewer than 15 horses in their ownership. Competitors can participate in any of our events throughout Europe, earning points based on their rankings in their classes and championships. The more you participate, the more points you accumulate. The excitement culminates in the finals, where the horses are celebrated, and their owners have the chance to win incredible breeding rights, generously offered by supportive stallion owners.

This year's Grand Champion won an extraordinary trip for two to the Katara International Arabian Horse Festival, kindly offered by Al Thumama Stud, Qatar—a true highlight for any Arabian horse enthusiast.

We are deeply grateful for the overwhelming support from Arabian horse lovers, friends, competitors, and breeders who have joined us on our vision and journey. The European Breeders Challenge is eager to grow even more, and we invite you to be a part of it. Keep your breeding spirits high and join us at our upcoming shows to collect your points and be a part of something truly special!

The organising team: Detailleur family

Winner European Breeders Challenge 2024:  
ASE Kamiliya Hlayyil | B&O: Arabian Stud, Europe (NL)
