The Danish National Show 2010 was held at the green island of Fionia (Fyn). Fionia is at the centre of Denmark connected to Jutland and Zealand by two great bridges.

The new showground in Middelfart - only 5 minutes from the beautiful Little Belt Bridge – lived up to all expectations; A wonderful venue with a nice atmosphere.

The four gold champions represent new female lines in the Danish stud book – the renewal of the breed is ongoing, and the Danish National Show 2010 was a clear example of this.

Judges at the show were the very experienced Dr. Nico Jung (Germany), Mr. Koenraad Detailleur (Belgium) and the recently appointed Danish judge Mr. Peter Birch. The judges did a good job and the judging of the Dane, Peter Birch, was entirely in line with that of his foreign colleagues.

In all ways a successful show in beautiful surroundings.
