

La Movida Arabians 2011 Open Day

by Fabio Brianzoni ■ photos by Mateusz Jaworski

Dear Readers, in the next edition of TuttoArabi you will find the article, photographs and results of the National and International A Show that took place in Wels from 13th to 15th May. Meanwhile, here is a preview of what happened right after the show. On 15th May, the last day of the venue, Mr. Ferdinand Huemer, who was also the organizer, threw a party in his won-

...And now please
enjoy the photos
of the event!

derful Stud 6 kms from Wels for all the lucky guests. On arrival, we left our cars in the car park of Austro Flamm, a company that produces fireplaces, owned by Mr Huemer himself. A shuttle service – made available by “Porsche Wels” – drove us right into the Farm. We were welcomed to the indoor arena and offered a wonderful reception with an excellent catering service while waiting for the “parade” of the latest production of “LA MOVIDA”.

The offspring shown on this occasion were presented by Franck Spoenle. The first colt to enter the presentation ring was “Merlin El Nader” out of the well known mare of this Stud. The beautiful Al Amal AA, sired by Nader Al Jamal. “Lilyh El Justice” (Lara El Ludjin x Wh Justice) followed and this is when it became evident that there has been a significant improvement in the breeding standards in “LA MOVIDA”! Also presented were: “Robin El Justice”, “Siena El Ar-yes”, “Bali El Marwan”, “Aurora”, “Viola”, “Julia” and, last but not least, “Domenica” all out of beautiful mares of the Stud and sired by their stallion “Lawrence El Gazal” (Gazal Al Shaqab x Lara El Ludjin).

Later, many other beautiful horses from “LA MOVIDA” were presented and we were also fortunate to see “Ch El Brillo” (El Shaklan x Azh Basknaborra), born in 1985.

I think that visiting these “historical studs” (and there are quite a few around the world) is not only a nice gesture towards those who work hard with Arabian horses, but a privilege for us to be able to see part of the history of the Arabian Horse in the making.

I hope that next year many of us will be able to share this moment again and catch up with the “latest news” of this Stud. Special thanks go to the Huemer Family, to Teresa and Marlene in particular, who made this wonderful party possible! □
