

International Arabian Horse Championship

by Giorgia Mauri ■ photos by Alessio Azzali

At the end of January TuttoArabi was invited to attend the Kuwait International Show which this year has celebrated its 8th edition.

Last year the show was nominated as an A show and the organization did the best to attend the expectation.

The service, the assistance and the catering during the days of the Show were impeccable.

Kuwait City is the capital and largest city of Kuwait. Kuwait City is the political, cultural and economic center of Kuwait. It is considered a global city. Kuwait City's trade and transportation needs are served by Kuwait International Airport, Mina Al-Shuwaik (Shuwaik Port) and Mina Al Ahmadi (Ahmadi Port). Kuwait City has

a hot desert climate and is one of the hottest cities in the summer on earth.

During these days of the event the climate was perfect for the show, warm during the day and fresh after the sunset and the horses enjoyed to show themselves in the stunning outdoor arena of Bait Al Arab, the suggestive venue and amazing equestrian center that hosted this show.

When you think about a show in Kuwait immediately you think about Bait Al Arab .

The organizing Team of Bait Al Arab worked efficient to run the show smooth and correct

Kuwait now has reached a global level in maintaining, improving and promoting the Arabian horse breeding in

KUWAIT

January 31st - February 2nd, 2019

Kuwait reached a great level.

The horse activity during the year is amazing: in addition to the shows there are many seminars, Ecao judges courses, photo contest and presentation of books plus special invitation of important breeders.

Many new studs were created in the last years and many others will be born soon.

People in Kuwait are very friendly and we felt immediately welcomed, we are looking forward to attend the next show edition. The atmosphere in Kuwait is incredible, it is like attending a football match where people are very excited about horses and they consider horses like part of their family.

Up to 800 spectators in total, making for a terrific

atmosphere, the visit during the final championship of the Prime Minister and the successful management that had taken care of every detail made the event a pleasure throughout for international and national participants. One of the highlights was the show arena, where technological perfection outperformed even the uppermost standard that audience, press, and participants might have expected to find. During the three days show we had the chance to see 278 horses and we have to tell that the quality was really outstanding in most of the classes.

Thank you to all the Organizer, judges and officials they did a great job in a very warm atmosphere.
