

PRINCE SULTAN BIN ABDULAZIZ INTERNATIONAL ARABIAN HORSE FESTIVAL

JANUARY 29TH - 31ST 2026 AL KHALEDIAH FARM TEBRAK - SAUDI ARABIA

After many years of absence from its historic headquarters in Al Khalediah, in the Tebrak region, we returned to celebrate Saudi Arabia's most important show - the PSAIAHF - Prince Sultan Bin Abdulaziz International Arabian Horse Festival - in its historical and extraordinary location, located about 80 km from Riyadh, built in the early 2000s at the behest of HRH Prince Khaled, who, due to his deep love for Arabian horses, created a center of excellence capable of hosting gallop races on a fully illuminated, regulation-sized nighttime track, the country's first endurance competitions, and the arena that now hosts the ECAHO Title show. The complex is also equipped with all the necessary facilities to welcome guests and participants from all over the world.

The show took place over four days, from January 28 to 31, with a large number of horses registered, 335 in total. Spring-like, sunny weather further contributed to the success of the event.

The Arabian horse world owes a heartfelt thanks to two personalities who are the pillars of the entire event. The promoter of this prestigious event, who has been passionately carrying on the family tradition and love for Arabian horses for many years and founded the event in 2008: HRH Prince Khaled Bin Sultan Bin Abdulaziz Al Saud, Chairman of the show.

And HRH Prince Fahad bin Khaled bin Sultan Al Saud, the General Supervisor of PSAIAHF who is the key person at the Prince Sultan bin Abdulaziz International Arabian Horse Festival. HRH Prince Fahad bin Khaled bin Sultan, over the years, has been able to increase the success of this event, placing it at the centre of the global scene and transforming it into a point of attraction for all experts and enthusiasts of Arabian horses. The success of PSAIAHF as a show is also evidenced by the large number of horses registered and the attendance in the VIP area, a sign that the organisational choices are also a winning card at an international level.

PRINCE SULTAN BIN ABDULAZIZ INTERNATIONAL ARABIAN HORSE FESTIVAL

Praise for the excellent work of two people who have been involved since the beginning of this global event and are the Festival Manager: Mr. Salah Al Ali, and Mr. Hakim Abdul Subhan Festival Operations Manager. DCs are: Mr. Saad Al Qassim, Dr. Bassem Badr and Eng. Obadah Zabadi from Saudi and Mrs. Malak Benamar from Morocco. The two ringmasters are: Mr. Waleed Al Haddadi from Saudi and Dr. Mohammed Mohsen from Egypt. The unmistakable and engaging voices of Mrs. Nabilah Al Ali and Mrs. Lina Al Harbi were able, as always, to give the show the right energy.

Ten judges from around the world were invited to judge the 335 horses entered: Mrs. Sylvie Eberhard (Germany), Mr. Martin Van Hee (Belgium), Mr. Ahmed Sobhi Hamza (Egypt), Mr. Jonas Salzman (Kuwait), Mr. Mohamed Oussidhoum (Morocco), Mr. Peter Birch (Denmark), Mrs. Christine Valette (France), Mrs. Caroline Reid (United Kingdom), Mr. Nashaat Hegazy (Egypt), and Mrs. Charlotte Roel (United Kingdom). We have been following and participating in this show for many years and, once again, the great professionalism of a well-established staff ensured that everything ran smoothly, with impeccable time management.

This event is undoubtedly the most important in Saudi Arabia, not only for its historic significance, but also for the extremely high number of participants.

The prize money, which is particularly significant thanks to the generosity of His Highness Prince Sultan bin Abdelaziz, also offers an important opportunity for breeders and owners who are new to the world of shows. With a total prize fund of SAR 4,000,000 (over €1 million), a solid national breeding development program is being promoted. But the Festival is not just that. A large space is also reserved for Desert Bred horses, which have been present since the event's inception. A specific space is dedicated to them within the program, with a cash prize of SAR 500,000

(approximately €120,000) for each championship. The Desert Bred championship has historically only taken place here, in this land rich in resources and wonderful people, and is linked to an ancient tradition dating back to the days of desert caravans, when horses represented life itself and the possibility of survival during long journeys.

This is why the Desert Bred horse is a strong, resilient animal with a marked aptitude for bonding with humans, its traveling companions. A great admirer of this breed is HRPH Ahmad Bin Abdulaziz Bin Abdurahman Al Saud, owner of Athbah Stud, historically a leader in various categories. This year, however, in a bid to preserve the ancient heritage of the desert, many breeders participated with their own horses, bringing new names to the podium.

But let's now turn to the final championship of these four intense days of the Festival dedicated to Arabian horses. After interminable suspense, "*AMAAR*" is announced as the gold medalist and champion of this edition of the Al Khalediah Festival, owned by Shk Hamad Falah J J Al-Thani.*

It is always nice to return to a place where you have enjoyed yourself, and that is why I would like to thank, on behalf of myself and the entire staff of Tutto Arabi, the PSIAHF organization, which allowed us to carry out our editorial work in a peaceful and professional manner.

I will now leave you with what speaks louder than words about the success of this show: the splendid photographs by Antonio Caracciolo @caraanto
