## CELEBRATING THE RETURN OF A WORLD CLASS EVENT

This year, more than ever, Arabian horse breeders and owners had cause to celebrate one of the top competitions in the world - The Arabian Breeders World Cup. For 14 consecutive years, the show was held in Las Vegas, Nevada. However, last year, the global pandemic forced the cancellation of the show, which was a huge disappointment for everyone. Still, the AHBA and World Cup organizers worked to have everything in place for the return of event as soon as it was safe for people and horse to attend.

The unique Las Vegas venue has been a universal favorite, but with restrictions still in place, it became apparent that the best and safest way to host the show would be to hold it outdoors. The creative organizing team and board of directors created an entirely new concept that not only met health and safety concerns, but welcomed guests to a competition unlike anything they've ever experienced. The location was familiar - Westworld in Scottsdale, Arizona - but it was unrecognizable. The team transformed the lush green polo field into a beautiful, elegant, colorful, and exciting spectacle that became a blend of the best European shows at Menton, Chantilly, and Brugges. It was sensational! And, the horses seemed to really love being presented out of doors in a large arena where they could move freely and to their best advantage. The sunshine and fresh air inspired stellar performances from horses and handlers.

The AHBA and World Cup organizers showed what determination, creativity, and passion for the Arabian horse can accomplish when challenged with a complicated and negative circumstances. They took one of the best Arabian horse shows in the world and made it better than ever! But don't take my word for it - see for your self... On the following pages are some highlights of the show. Congratulations to the breeders, owners, and handlers of these magnificent Arabian World Cup Champions!
