Chile once again brought together South American Arabists with its always cheerful and receptive *Exposición Nacional del Caballo Arabe*, this year in its 29th edition. There are two days of exhibition, but the lively meetings in the residences and in the stud farms between the breeder friends starts the day before and extends until two days after the end of the judgments.

The Belgian Christine Jamar, the American Doug Dahmen and the Brazilian Rodrigo Forte judged 66 horses from 16 breeders between 25th and 26th of March at the centenary Santiago Paperchase, an equestrian club located in a pleasant region surrounded by mountains and a sophisticated shopping center and offices close to the capital Santiago.

The judges chose **LL Maglud**, sire from Alfredo Hasbun's Haras La Laguna, as the Stallion National Gold Champion. Chilean breeders paid a touching tribute to Arturo Bulnes Cerda, who died in October last year. Homage to breeder Don Arturo, mentor of Haras Panquehue, who raised the bar for Chilean breeding. To the leader Arturo, one of the founders of the Asociación Chilena do Caballo Arabe. To the lawyer Dr. Arturo who defended and convinced, with solid arguments, the acceptance of South American pedigrees in the international community of the breed. To friend Don Arturo, who always with great generosity of spirit supported and advised all arabian lovers. And to papá Arturo who, alongside his partner Silvana, raised eight children, all in love with the Arabian Horse.
