On the 04-05 of July 2020 we had a pleasure to take part in Junior Arabian Horse Spring Show in Białka, Poland. It was the 30 edition of the spring show, which has become a tradition to many arabian horse breeders, owners and admirers. On the beautiful and green premises of Białka State Stud (one of the main three State Studs in Poland), we could admire the beauty and elegance of polish arabian horses, especially the junior ones.

Białka Spring Show traditionally starts the Polish Arabian Horse show season in Poland and therefore it is always an event that everyone is waiting for. Białka State Stud is a very special place - peaceful, green, beautiful with atmosphere that is always very friendly and welcoming. And so it was also this time.

The Show was indeed a succesfull one and the organisers did a really good job to make it happen and to make the gathered audience satisfied. Although the global covid-19 pandemic forced the organisers to limit the amount of people in the audience because of the safety measures, the show was also aired online by the Arabian Essence TV. All classes were very well represented and the handlers did their best to show the unique beauty and special qualities of Polish Arabian Horses that entered the show ring.

It was indeed a pleasant and wonderful weekend and we had a unique chance to see many beautiful polish arabian horses also the younger ones competing in the show, and we just can't wait to see their development and succeses in the near future. □
