**E**very year in August, Janow Podlaski State Stud in Poland becomes a place of pilgrimages for all the Arabian horse aficionados, attracted by the ethereal beauty and high quality of the Polish horses. Those who wander to what seems like the end of the world are rewarded with wondrous views not witnessed anywhere else in the world. The huge herd of mares with foals, galloping freely to the pastures near the Bug river in the early morning dew, is surely not something one sees on a daily basis. This magical and usually peaceful place near the Polish-Belarusian border acquires a real buzz for a few days in August, when it hosts the significant Polish National Show, the prestigious Pride of Poland auction and the subsequent Summer Sale.

The 43rd Polish Nationals, organized by the Polish Jockey Club, seemed an exceptionally sought-after event with the tickets and VIP tables sold out a few weeks before the show. Those who managed to get a place could consider themselves very lucky. Such a special event also required a specially selected group of highly skilled judges: Christine Jamar-Demeersseman from Belgium, Eric Gear from France, Kathleen Ohlsson from Sweden, Francesco Santoro from Italy, Eiad Safady and Cedes Bakker, both from the Netherlands. The esteemed jury undertook an immense task of evaluating 120 out of 150 initially submitted horses. Interestingly enough, for the first time in the history of Polish Nationals, there were more horses representing the private breeders than the Polish state studs.

### Junior Male Classes

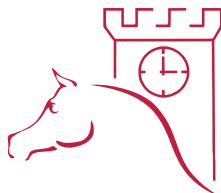

Traditionally, Friday was all about the handsome boys. The show starter sharply at 3 p.m. with two classes of yearling colts. Both of them were a triumph of two beautiful bay colts by the interesting young RFI Farid son, Ghaith Al Zobair, bred by Al Zobair Stud from UAE. Class 4A belonged to the exotic Empirical Babel (out of Eden Beauty K.A. by QR Marc), bred and owned by Wieza Babel, who received 2x20 for head and neck and a total score of 91.90 points. In class 4B, it was his paternal half-brother Nahil Al Khalediah (out of Nawal Al Khalediah by Forteynas Magic), bred and owned by Polska

AKF, who took the lead with a total score of 92.00 points, including a 20 for head and neck. At the award-giving ceremony, Empirical Babel was joined by two grey RFI Farid sons; Glorius M (out of Ginga by Galba), bred and owned by M Arabians, and Eri Farid (out of Espanolita by Shanghai EA), representing Petroniusz Frejlich. The two remaining colts that qualified for the Sunday championships represented Michalow Stud. Porto Rico (Zloty Medal x Parmania by Kahil Al Shaqab) and El Maestro (Morion x El Medonia by Shanghai EA), both bay and sired by young home-bred stallions, finished the competition with a very small difference in the final marks, scoring 91.90 and 91.80 points respectively. It comes as no surprise that class 5 for 2-year-old colts was a decisive win of the refined dark bay representative of Michalow Stud. Ferrum (Morion x

Ferrum (Morion x Ferrmaria by El Omari), Czar (Poganin x Cedora by Kahil Al Shaqab)

Ferrmaria by El Omari) with a high total score of 92.50 points, 2x20 for type and a 20 for movement, trotted straight into the championships. Ferrum was followed by the typey bey Czar (Poganin x Cedora by Kahil Al Shaqab), bred and owned by Janow Podlaski Stud, who received 91.70 points, including a 20 for type. Class 6 for 3-year-old colts, the last junior male class of the day, also belonged to Michalow Stud and their exotic grey Pointer (Sahm El Arab x Palanga by Ekstern). With a total score of 91.90, a 20 for type and another one for movement, Pointer finished the competition ahead of the athletic bay Wadee Al Shaqab son Almagram (out of AHB Aidha by Nijem El Aziz), bred and owned by Alicja Napiora of Silvatica Black Arabians. Almagram also received a 20 for movement and qualified for the championships with the final marks of 91.10 points.

## Senior Male Classes

The two senior stallion classes were not very crowded but did not fail in keeping us excited until the end of the day. After the presentation of 7 elegant young stallions in class 10, two 4-year-old chestnut representatives of the Polish state studs; Erantis (Ascot DD x Eugara by Om El Bellissimo) from Janow Podlaski and Belmari (El Omari x Bint Ermina by Kabsztad) representing Malopolska Hodowla Roslin, took the first two places, scoring 91.30 and 91.10 points respectively. The last class of the day belonged to the impressive grey Paris, sired by Kahil Al Shaqab and out of the reigning Queen of Janow Podlaski, already 20-years-old but still stunningly beautiful Palmeta (by Ecaho).

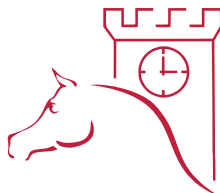

Bogini Roz PA (Kahil Al Shaqab x Black Rose by Abyad AA)

Receiving a 20 for type and 2x20 for his spectacular powerful trot, the 7-year-old Paris received the well-deserved highest score of the day – 93.10 points. The elegantly trotting grey Psyche Ull (Forteynas Magic x Psyche Victoria by Ekstern) reached for the second place in the class, making his breeder and owner, Chrcynno Palace Stud, happy and proud. Psyche Ull received the same final score as the Michalow-bred Zloty Medal (QR Marc x Zlota Orda by Pesal) but higher marks for movement made the former qualify for the championships. By the time the sun set over the spectacular Janow Podlaski State Stud on late Friday afternoon, we already knew all the male contestants of the Sunday championships.

## Junior Female Classes

Just one look at the show catalogue and everyone knew that Saturday will be even more exciting due to the high numbers and exceptional quality of the female contenders. The show started shortly after 9 a.m. and continued until late afternoon. The first three classes that featured yearling fillies were a very interesting mixture of horses bred by the state studs and the private breeders and sired by all sorts of stallions. The first three places in the ranking of class 1A were shared among three beautiful bay fillies; Bogini Roz PA (Kahil Al Shaqab x Black Rose by Abyad AA), bred and owned by PPH Parys, the Janow Podlaski-bred Basilea (Pogrom x Bambina by Kahil Al Shaqab) and the representative of Chrcynno Palace Stud, Psyche Apsara (Ghaith Al Zobair x Psyche Victoria by Ekstern). Their final marks were as follows: 91.60 for Bogini Roz PA, 90.90 for Basilea and 90.50, including a 20 for type, for Psyche Apsara. Significantly larger class 1B was the win of the beautiful bay Equator daughter Zlota Mysl (out of Zlota Bulla by Kahil Al Shaqab), bred and owned by Michalow Stud. She scored 91.80 points and was followed by the elegant bay representative of PPH Parys, Kachetia PA (Morion x Kalahari by Ajman Moniscione), who received 91.40 points, as well as the charming grey Estymacja FA (Empower x

Estema by Emerald J), who scored 91.00 points, with a 20 for head and neck, for her breeder and owner, Falborek Arabians. The last three contenders qualifying for the Yearling Fillies Championship included the exotic grey RFI Farid daughter Exfaria Zalia (out of Excalibria by Excalibur EA), the boldly moving Babetta (Emerald J x Belinda by Kahil Al Shaqab) and the refined bay Morion daughter El Mariella (out of El Marina by Ganges). We saw some pretty high marks in this class, including 92.00 points and 2x20 for movement for Exfaria Zalia, bred and owned by Katarzyna Dolinska-Witkowska, 91.80 points for the Janow Podlaski-bred Babetta and 91.50 points for El Mariella, representing Michalow Stud. The judges were even more generous in class 2A, where all the 8 fillies scored above 90 points. The highest marks of 92.30 points

were achieved by the fantastic dark bay Forga (Morion x Forgissima by Vitorio TO), bred and owned by Michalow Stud. Forga received a 20 for type and another one for movement and qualified for the championships alongside the refined grey Melarosa GA (AV Cloud Dancer x Marwytyna by Marwteyn), representing GA Rancho Artur Gibala. Melarosa's marks for head and neck included 3x20 and her high final score of 92.10 points resulted in the second position in the class ranking. Class 2B, the continuation of the 2-year-old fillies, belonged to the exotic grey Mamma Mia (E.S. Harir x VA Magnifica by Magic Magnifique), bred and owned by Tomasz Tarczynski. Her impressive score of 92.70 points, including 2x20 for type and 5x20 for head and neck, took her straight to the championships. Mamma Mia was joined by the representative of Michalow Stud, the powerfully trotting bay daughter of Zloty Medal and Pustynna Kalia (by Esparto). Pustynna Lilia scored exactly 92.00 points with a well-deserved 20 for movement. Her charming stable companion, the 3-year-old bold and beautiful El Esmera (Sahm El Arab x Esmeraldia by QR Marc) was the judges' favourite in the following class. This lovely grey filly made the Michalow team proud with her final score of 92.60 points, including 5x20; 3x20 for type and 2x20 for head and neck. The pride and joy of Alicja Najmowicz, the good-looking bay El Farida (RFI Farid x Esmeta by Ekstern), also qualified for the championships with a total score of 92.10 points.

### Senior Female Classes

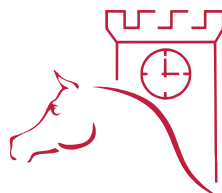

However, the highest scores and the magical goosebump-giving moments were waiting for us after lunch break. Every year, the senior female classes of the Polish National Show amaze the audience with breath-taking beauty and superb quality. In the first section of 4-6-year-old mares, the two qualifying places were divided between the state studs, with the captivating chestnut representative of Michalow Stud, El Bellissima (Ascot DD x Ekliptyka by Ekstern), taking the lead ahead of the Janow Podlaski-bred flying-in-the-air bay Pila, a 4-year-old daughter of Abyad AA and Piba (by Gazal Al Shaqab). The judges' generosity in distributing maximum marks resulted in very impressive final scores for both

mares. El Bellissima received 5x20 for type, 3x20 for head and neck and 2x20 for movement, which gave her the total of 93.80 points, while Pila, receiving 'only' one 20 for type and 3x20 for movement, finished on the class podium with 93.20 points. In class 7B, the scores soared even higher, with the two qualifying mares reaching above 94 points. This time, it was a decisive triumph of Michalow Stud. Their beautiful bay Ekstern daughter Protekcja (out of Pentra by Poganin) bewitched the judges with her exotic type (4x20), perfectly shaped head and neck (3x20), correct conformation and powerful ground-covering trot (5x20). Her final mark of 94.40 points seemed impossible to be defeated, but the show was not over yet. Her maternal half-sister Poganinka (by El Omari) came second with only 0.10 points difference in the final score. Typey (5x20), with an

Mamma Mia (E.S. Harir x VA Magnifica by Magic Magnifique)

exotic head and nicely shaped neck (2x20) and equally powerful animated trot (5x20), the charismatic chestnut Poganinka followed her half-sister to the championships with the total score of 94.30 points. The first division of 7-10-year-old mares was also an interesting battle between two Michalow-bred mares representing a completely different type of Arabian horse. The big bold dynamically trotting Wieza Nimf (Kahil Al Shaqab x Wieza Marzen by Ekstern), now representing Klikowa Arabians, triumphed over the ethereal and exotic Wildona (Shanghai EA x Wilda by Gazal Al Shaqab), who was not really in the mood to move. Even 4x20 for type, 4x20 for head and neck and the total score of 93.20 points was not enough to beat Wieza Nimf, whose performance received a total of 93.60 points, including 2x20 for type and 5x20 for movement. The second

division of 7-10-year-old mares was dominated by the participants from Janow Podlaski. The first position was triumphantly taken by the 10-year-old beautifully maturing grey Euzona (Om El Bellissimo x Euzetia by Etogram) who received a full set of 20s for type plus 2x20 for head and neck and 2x20 for movement. With a total score of 94.20 points, she finished ahead of her 9-year-old chestnut stable companion Paterna, the daughter of two legends who passed away not so long ago, the significant sire of champions, Eden C, and the unforgettable Pinga (by Gazal Al Shaqab). After witnessing so much beauty and feminine charm, I expected the excitement to calm down while admiring the oldest mares. I could not have been more wrong! The temperature kept rising to reach its peak until the last contestant of the day left the showring. And what a mare it

Paris (Kahil Al Shaqab x Palmeta by Ecaho)

was! The 19-year-old precious pearl proudly bred and owned by Michalow Stud, the spectacular snow-white Palanga. Sired by the show horse supreme, Ekstern, and out of the elegant Eukaliptus daughter, Panika, Palanga matured into such a magnificent mare that no words can describe. At the age of 19, she simply has it all; refined type (5x20), a perfectly shaped head and neck (3x20), great body and top line (19.5!) and remarkable movement (5x20). The judges made us wait a moment for the final score which, as everybody expected, was incredibly high – 94.50 points! Palanga, the 19-year-old Queen of Michalow Stud and the highest scoring horse of the Polish National Show, left the arena in the last rays of the setting sun, leaving the audience in awe...

## Championships and Special Awards

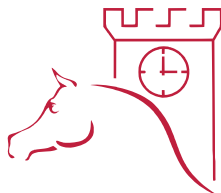

Very early on Sunday, the excitement and anxiety before the upcoming championships were almost tangible in the cool morning air. The competition restarted at 9 a.m. with the presentation of 9 beautiful yearling fillies. The judges did not really struggle with choosing the gold medallist and soon we knew that Bogini Roz PA became the Unanimous Gold Champion Yearling Filly. Her proud breeder and owner, Agata Parys, came up with a very adequate name for this refined bay filly as it can be directly translated as the Goddess of Roses. Red roses of a Gold Champion she proudly wore, accompanied by excited and proud PPH Parys team. The silver and bronze medals were distributed

between the two remaining class winners; the Michalow-bred beautiful bay Zlota Mysl and the typey grey Exfaria Zalia, bred and owned by Katarzyna Dolinska-Witkowska. Chrcynno Palace Stud and their exotic bay Psyche Apsara secured one of the top five titles, finishing the competition ahead of the beautifully moving bay Babetta, who represented the hosts of the show.

The Yearling Colts Championship was a wonderful victory of Ghaith Al Zobair as a sire. His two equally exotic and refined bay sons; Nahil Al Khalediah, representing Polska AKF, and Empirical Babel, bred and owned

by Wieza Babel, became Gold and Silver Champions respectively. The last place on the podium as well as one of the top five titles were taken by two bay representatives of Michalow Stud. The elegant El Maestro became bronze medallist, leaving no space on the podium for Porto Rico who had to settle for the fourth place in the ranking. Last but not least, the typey grey Glorius M closed the prize-giving ceremony next to his breeder and owner, Piotr Podgorny of M Arabians.

The podium in the Junior Fillies Championship was occupied by the private breeders only. The exotic grey Mamma Mia repeated her success from last year, when she became Gold Champion Yearling Filly. She is growing into an exquisite representative of the Arabian breed which did

not go unnoticed by the judges, who unanimously chose her to occupy the topmost position on the podium. Mamma Mia also added a special award for Best Head to the fast-growing collection of trophies of her breeder and owner, Tomasz Tarczynski. The judges were divided in their decision about the remaining medallists and with a difference of only one point, the refined grey Melarosa GA, bred and owned by GA Rancho, became Silver Champion Junior Filly, while the pride and joy of Alicja Najmowicz, the charming bay El Farida, reached for the bronze. This time, the stud farms had to settle for two top five titles, both collected by Michalow for their 3-year-old elegant grey El Esmera and a year younger beautifully moving bay Forga.

However, Michalow Stud were triumphant in the next championship, when their fantastic Ferrum claimed the gold unanimously, repeating his spectacular success from last year. As a Gold Champion Junior Colt, he also received a special award funded by Krzysztof Gozdziński of Falborek Arabians and named after the First Lady of the Polish Arabian horse breeding, the late Izabella Pawelec-Zawadzka. Ferrum's phenotypically distant stable mate, the 3-year-old grey Pointer, took a place on the podium as the Bronze Champion, giving the Michalow team another reason to be proud. During the prize-giving ceremony, the two representatives of Michalow were separated by the silver medallist, the Janow Podlaski-bred refined bay Czar. The only top five title available in this championship was given to the athletic Almagram, accompanied by his breeder and owner, Alicja Napiora, during the award-giving ceremony.

Traditionally, the Senior Mares Championship is one of the most expected moments of the Polish Nationals. This time it was no different. As always, the jury had an extremely challenging task of choosing the three medallists and the two top five winners from among ten breathtakingly beautiful, powerfully moving and regally bred female representatives of the Polish breeding programme. The awe-inspiring victory of Michalow, the breeder and owner of all three medallists and one top five winning mare, was a perfect crowning for all the hard work of their team. As was

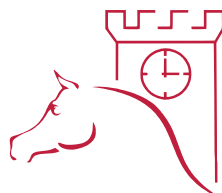

expected, the 19-year-old embodiment of feminine charm, the gorgeous grey Palanga, became Gold Champion Senior Mare. However, her win was not as obvious as it may seem. Her much younger paternal half-sister Protekcja, who also represents the same dam line of Gazella DB in Michalow, was nipping at her heels. Both received the same score in the championship but this time the ethereal beauty of the mature mare prevailed over the powerfully vibrant representative of a younger generation, and with a minimal difference in the class score, Protekcja had to give the highest place on the podium to her older half-sister. Scoring only two points less in the championship than Palanga and Protekcja, their classy chestnut stable companion, El Bellissima, was awarded with the Bronze Champion Senior Mare title. The mesmerising mares of Michalow were joined

Palanga (Ekstern x Panika by Eukaliptus)

for the prize-giving ceremony by the exquisite Euzona, bred and owned by Janow Podlaski Stud. Euzona ended up off the podium but still ahead of another Michalow beauty, the 7-year-old wonderful Wildona, who clearly was not in the mood for a show.

While the senior mare competition was dominated by Michalow, the fame and glory in the Senior Stallions Championship belonged to Janow Podlaski Stud. This time, the judges had very few doubts as to who should wear the gold and silver trophies on their shoulders. The 7-year-old masculine regally bred Paris became Unanimous Gold Champion and collected the trophy alongside his charismatic chestnut stable companion Erantis, who was chosen as the Silver Champion by 5 out of 6 judges. The two

Nahil Al Khalediah (Ghaith Al Zobair x Nawal Al Khalediah by Forteynas Magic)

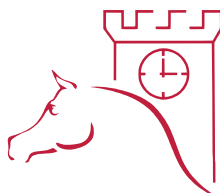

Janow Podlaski-bred medallists were joined on the podium by another classy chestnut, the 4-year-old Belmari, bred and owned by Malopolska Hodowla Roslin. The last award in the Senior Stallions Championship went to Chrcynno Palace Stud and their big and beautifully moving Psyche Ull.

It was an immense pleasure to see the 19-year-old Queen of Michalow, the pure Polish pearl Palanga, to become the shining star of this year's show. After claiming the throne in the Senior Mares Championship, she collected a few more special awards, including the prestigious WAHO trophy, awarded to outstanding representatives of the Arabian breed. Palanga's impressive show record was further extended by Best in Show, Highest Scored Mare and Best Mover titles. As she meets all the criteria necessary to be called Pure Polish, she also received Best in Show award in this category. Moreover, Michalow Stud had a few more reasons to celebrate as they collected the Best Breeder trophy, while the member of their team, Pawel Syliwoniuk, became Best Trainer and Best Handler of the show. As a symbol of solidarity between the Polish breeders and to appreciate the hard work of his former school colleague, Pawel passed the Best Handler award to Mateusz Tokarski, who has done great job for Janow Podlaski Stud. The hosts of the show also collected a very special award for the Best Racehorse of the National Show. The 7-year-old gorgeous

grey moving machine Adelita (Kahil Al Shaqab x Altamira by Ekstern) is living proof of the old Polish breeding philosophy that an Arabian horse can be both a show champion and a racetrack winner. Although this year, among such fierce competition, Adelita did not win any medal, her total score of 92.50 points is a proof that she has all the potential to do so in the future.

### Pride of Poland and Summer Sale

The bewitching beauty and powerful performance abilities of the Polish Arabians have for years attracted buyers from all over the world. The 52nd edition of the Pride of Poland sale was no exception. A carefully selected offer consisted of 16 high quality individuals in all 'shapes and sizes', representing various bloodlines and exhibiting different qualities. Out of 13 mares and 3 stallions offered in the main auction, the striking bay Equator (QR Marc x Ekliptyka by Ekstern) was the indisputable star of this year's sale. Bred by Michalow Stud, Equator is a superb show horse with a very impressive show record, including the prestigious 2018 Gold World Champion Senior Stallion title. The final bid of €450.000 was made by Alrajhiat Stud from Saudi Arabia, which means that Equator will now share the stables with the unforgettable Perfinka, sold in the previous edition of the Polish sale for €1.250.000. However, he was not the only

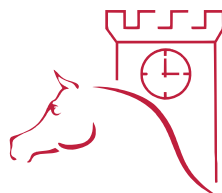

horse with a high selling price. His equally stunning stable companion Emandorissa (Abha Qatar x Emanda by Ecaho), 2020 Polish and European Silver Champion Mare and maternal half-sister to the legendary Emandoria, reached exactly the same price. This exquisite mare, bred to the magnificent Morion for 2022, will now join the impressive collection of Arabians owned by Al Thumama Stud in Qatar. Also Hanaya Stud from Switzerland are consistently increasing the number of Polish horses in their barns. After purchasing Alsa, Potentilla and Primera, there came a time for another Janow Podlaski-bred bay beauty to join the herd of Hanaya Stud. The 2-year-old Polish National and European Bronze Champion Yearling Filly, Brodnica (Pogrom x Bambina by Kahil Al Shaqab), was indeed an excellent choice. The price of €250.000 that the Swiss stud decided to pay for Brodnica seems like a bargain for this bay beauty with so much showing and breeding potential and all her life ahead of her. Another amazing young breeding and show prospect was the exotically refined grey El Madera (Morion x El Medonia by Shanghai EA), bred by Michalow Stud. 2020 Polish National Silver Champion Yearling Filly found her new home in Czech Republic at Suweco Stud. Nina Suskiewiczova is known for her love and passion for the Polish horses, which she clearly demonstrated by paying €155.000 for this 2-year-old top-quality filly. Considering the continuous uncertainty of the

market as well as the travelling restrictions due to the world-wide pandemics, the Pride of Poland sale was a spectacular success, with 14 out of 16 horses sold for the total of €1.598.000. Additional €254.000 was raised during the Summer Sale on Monday, where all 19 horses offered for sale found new owners. It is great to see that more and more horses are purchased by the Polish private breeders and stay in their homeland to continue the legacy of their legendary ancestors.

The Polish National Show and the accompanying auctions have always been more than a must-have event for all Arabian horse enthusiasts. For decades, it has been a great celebration of the Arabian horse in every sense of the word; the ceaseless celebration of the captivating creature which is so much more than meets the eye. In Poland, it is hundreds of years of history and the people who were ready to sacrifice their lives to save the unique Polish breeding programme. May the names of the phenomenal Polish horses and their breeders echo in the ears of all Arabian horse lovers around the world and may the hypnotising sound of the hooves on the Polish soil resound for many more years to come. No matter what is happening in the outside world, the great legacy of the Polish Arabian horse continues...
