

ELEMENTA Arabian MASTERS

—△△△△—

text by: Fabio Brianzoni photos by: Sunny Sassudelli

Yet another debut in the complicated world of European shows, but here we are talking about an organisation that aims not just at a show for itself but at excellence in all fields. Why in all fields? The centre's director, Mr. Lorenzo Bellia, told us why: "ELEMENTA is practically a horse town, employing around 50 people between offices, stables, catering area and park. We are talking about 180 hectares of land between paddocks, stables (112 boxes), housing and restaurant. But the project is even more ambitious" Lorenzo told us "property is thinking in the future of buying another 20 hectares and increasing the number of boxes to 500 given the great demand. The renovation of the restaurant is planned by the end of the year, which is already very elegant, followed by the construction of a resort with cottages and private pools. This would be the closing of the circle as far as the all-round equestrian clientele is concerned."

Returning to the show, a VIP area was installed with lounges instead of tables and chairs, this immediately gave the feeling of hospitality and the bar served all kinds of comfort throughout the show. The show, a national C, was held on 10th and 11th September in a small town close to Bracciano. The location is ideal, as it is in Lazio a few kilometres from Rome. It is an area with a high density of tourists, especially foreigners thanks to the large bathing lake. Therefore, there is a large availability and choice of

hotels. The area is also famous for its spas, in fact the judges, Mrs Claudia Darius, Mr Eric Gear, Mrs Cristina Culin and Mr Cristian Moschini were hosted in one of the most elegant ones, the Terme di Stigliano. In the ring as the Ringmaster Mr. Roberto Ceccaroni, the DCs Mr. Gabriele Gallo and Dr. Vet. Fabrizio Bianchi, like all the technical staff, were invited by Mrs. Laura Mascagna, who was the technical coordinator and supervisor of the show.

Also excellent was the speaker Mrs Chiara Caponetti, who made her debut in the world of Arabian horses but with decades of experience she was able to give something new in reading the judgments.

We at Tutto Arabi appreciated the hospitality, the care for the horses, inside and outside the ring. What else can you say about a show that gave us a weekend of sunshine, spent with many breeders and owners and that had no negative notes?

The Arabian Essence staff contributed as always with streaming to the diffusion and visibility of the event and You Readers, thanks to our photographer in the field, Mrs. Sunnita Sassudelli, can enjoy the pictures of the selected ones in the categories and the gold, silver and bronze medal winners in the final championship.
