

## 2024 ARABIAN FUTURITY CUP

Each year the Arabian horse community gather together to attend and participate at the Ecaho Breeders' Show Arabian Futurity Europe Cup where young horses aged between 0 and 3 year old can compete in this much anticipated event.

Organised on the grounds of Aachen, aside the All Nations Cup Arena, a sophisticated event with a lovely group of exciting youngsters impressed our over the years loyal public.

On Friday, September 27th, our judges Mr. Eli Khaloon (Israel), Mr. Tomasz Jakuboski (Poland), Mr. Oriol Roch (Spain), Mr. Angelo Boscarino (Italy), a well selected group of breeders and breeding program managers with experience for more than 15 years at least, ranked some of the most fantastic youngsters in Europe.

The show had a total of 43 entries. A total of 14 foals, 19 Yearlings and 11 Juniors (each category divided in females and males).

This year as a novelty the show introduced the Freestyle in the Foals and Yearling categories, as a way to develop a more natural and enjoyable way of showing. Public and horses gave a true exhibition of how exciting a Breeders show can be.

We are glad to observe that most of the awarded medalists were bred and owned by the same stud farms, which is one of the goals of a Breeder's show.

It was an absolute pleasure for all the Arabian horse enthusiasts that meet yearly in this key location in Europe to see some of the future stars on the making, that the breeders carefully curated with their crosses, using breedings mainly from nominated stallions at the worldwide famous online Stallion Breeding Auction that AFE organises every February and buyers from all around the world can acquire their services for their valuable mares. A beautiful closing of the circle that finishes when the precious progeny is born and shown at the AFE Cup year after year.
