his year the most important raceday for Arabian Horses in Poland was on 30.th August.

After a week with heavy rain and a morning with rain too was the track very elastic! During the races no rain but cold wind. Very nice decorations and invitations for the owners and VIPs but following the covid rules all outdoors in tents and under umbrellas.

The most dominating owner and breeder of race Arabians was Al Khalediah Polska AKF stable. This is the polish branche of Saudi Al Khalediah Stud from prince Khaled.

Four main races and four Al Khaledia horses winners!!

Bialka stakes the most importand race for 3 year old horses Mayar Al Khalediah, half brother to Fazza, was far in front for his victory. He outclassed his concurrents in this race on a total soaked track with a great form in the finish. Trainer Michael Bokowski was also the trainer of the following race, Al Khalediah Cup, winner the 6 year old filly Anood Al Khalediah. All winners from this owner was under the saddle of Jockey Szczepan Mazur. The favorite Seiful Muliuk was also attacked by a strong runner Hamal, ridden by
