Montefalco is a picturesque Umbrian town, in the center of Italy, an ancient medieval village bordering with Foligno, a city with fame in the field of horse breeding and races. It hosted for years the famous race called Quintana, a seventeenth-century gallop race. Since years even the small Montefalco has set foot in horse world thanks to its many breeding farms and competitions. Montefalco has important historical roots dated back to Roman times. Thanks to its dominant position in the valley between Spoleto and Perugia Montefalco has seen its civilization flourish starting from the XI century until

Renaissance. The story goes that Federico II Emperor of Holy Roman Empire and King of Jerusalem spent his childhood in Montefalco.

Not only Art, History, Culture and the Beauty of the green hills in the earth of central Italy make pleasant this place. Montefalco is also part of the food and wine trail called "Strada del Sagrantino", a natural path which let people enjoy one of the most appreciated wines produced in this part of the Umbrian land which attracts people from all over the world who come here to visit and appreciate its treasures.

SUMMER FESTIVAL

Totally immersed into this rich environment, Le Lame Horse Sporting Club in Montefalco contributed to the fame of this small town to be spread all over the equestrian sport world, both nationally and internationally.

The equestrian centre which especially hosts important jumping contests, is equipped with spacious structures, French sand show ground and 500 boxes. In addition to that, equestrian sport facilities are available and very appreciated by visitors.

Arabian horse lovers and ANICA breeders have been founding here for 5 years the right place where meeting each other and showing their Arabian horses.

In the first row, regarding competitions, there are always the International ECAHO C Show and the Egyptian Event dedicated to the straight Egyptians, as well as the Trophies for breeders of Arabian horses born in Italy.

In order to involve more young people and local breeders the Al Jassimya Amateur Challenge, sponsored by Al Jassimya Farm (USA), has awarded ridden Arabian horses and Arabian horses handled by no professional handlers. The goal of this initiative is finding new Arabian horse lovers who are available to attend targeted training to learn how to show their horses by hand and under saddle.

Unfortunately due to the sanitary situation not many breeders and horses were at the show, not all this event

deserves.

But the quality of horses was special and in the Egyptian classes scores were particularly high.

The organizer Mr Roberto Ceccaroni and his staff invited a group of international judges to satisfy all category needs for International Show: H.H Sheikha Fatima Bin Hazza Bin Zayed Bin Sultan Al Nahyan (UAE), Mr Klaus Beste (Germany), Mr Francesco Santoro (Italy), Mr Cristian Moschini (Italy).

The international Jury for the Egyptian Event was composed by Mrs Antonia Bautista (Spain), Mr Francesco Santoro (Italy), Mr Cristian Moschini (Italy). As Ring Master Barbara Raso (Italy). A special thanks to the Disciplinary Committee Dr Vet Laura Mascagna (Italy), Mr Alberto Manerba (Italy), Mr Andrea Di Salvo (Italy) and to the dj Mr Gianluca Filippi for the music. Score Speaker and Results by Arabian Essence. The Vip Table and the info for Exhibitors were perfectly organized by Mr Gianpaolo Teobaldelli.

The extraordinary warm weather has only partially influenced the natural horse and people vivacity. The three day event was interesting and has confirmed the validity of the place and of the organization which did an excellent job in respect of all the sanitary measures. See you there in 2021 with a lot of breeders and horses as this show deserves. □
