This year's Arabian Horse World Championship will be an exceptional event in more ways than one. First of all, it is its anniversary. Indeed, we are going to celebrate the 40th anniversary of this meeting of the most beautiful Arabian horses in the world. Exceptional also because due to the worrying Covid19, we will take drastic sanitary measures to make this event happen. Exceptional finally because we want this year's show to be special, particular, as the representation of everything that binds us: passion, professionalism and will! Owners, breeders, trainers, institutions, journalists, everyone wants a show that gives morale and perspectives to

this magnificent sector.

Together and if everyone wants to, we can! "explains Jean-Luc Poulain, the president of Ceneca, which organises the World Championship.
