**A**t the end of a difficult period that has certainly not spared the horse sector, PSA in particular, on October 10 and 11 the curtain was raised on the Italian Championship ANICA SHOW 2021 in the extraordinary setting of the Horse Riviera Resort of San Giovanni in Marignano in the province of Rimini. Witnessing once again the unfolding of this important event was truly a great emotion.

The Italian event, which this year is 34 years old, is the first one held under the direction of the new management recently installed. The organization left nothing to chance, everything was managed punctually and with great participation and effort by the experienced staff of ANICA. President Vincenzo Pellegrini expressed special thanks to those who made the event possible through their work, even in difficult times, and even with some difficulties dictated by the particular period in which we find ourselves, which brings with it restrictions that interfere with the smooth running of the show. But being able to meet again in such a prestigious location, with the patronage of the municipality of Riccione, and being able to admire the high quality that Italian breeders have continued to produce in the last two years, with courage and foresight, all this has made the success of this event exceptional. A special Thanks to the show commission committee that was working without stopping to create a very nice atmosphere: Mr Alberto Alberto Manerba Mr Gianpaolo Teobaldelli Mrs Laura Mascagna.
