

# ALMARASEM RABAB AHC 2022

The show held in Egypt, specifically in Rabab at the large breeding farm of Dr. Sheikh Khaled Mohamed Awad Bin Laden, of which he is also chairman, always has pleasant surprises for us. This event, which took place on 6th, 7th and 8th October and in which we have had the honour of participating for more than 10 years, turned into the top. One of the

most welcome was the hospitality at the farm, in comfortable cottages equipped with every comfort. Led panels inside the ring for the main sponsor, which is celebrating 25 years of honourable activity this year. We are talking about 'ALMARASEM Development', a holding company comprising several companies operating in the real estate construction

sector. In addition, a giant screen where one can comfortably read the scores. Stands with cosy lounges for horse food companies, Arabian halters handmade by Jordanian artist Mr. Fadi, sculptures by artist Mona Al Maqdad.

Ever since Tutto Arabi went to press with its first issue 25 years ago, we have never missed an appointment with shows in Egypt and particularly in and around Cairo. It is remarkable how breeding has grown a lot here, both in quality and in quantity of small breeders who can now go beyond the borders and compete in some international fairs with their products. In fact, there were 216 horses participating this year, and the historical breeders have always placed their products among the top, but I must say that we have seen excellent results, well deserved, even among the smaller and increasingly numerous breeders.

But let's talk about the success of the show, which was well organised and had a professional and experienced staff: Nashaat Samy Hegazy (Head of the Organising Committee) and Nesrin Mahmoud Hegazy (Secretary). Eight judges were invited to judge: Abdel Raouf Abbas (Egypt), Christine

Valette (France), Paula Bohmer (Netherlands), Cristian Moschini (Italy), Nikolaus Jung (Germany), Jerzy Bialobok (Poland), Talal Al Mehri (Kuwait) and Sheikh Saud Al Thani (Qatar). The Disciplinary Committee was composed of five veterinarians, all Egyptians, given the large number of registered participants to monitor: Dr. Omnia El Sherif, Dr. Mohamed El Sherif, DR. Islam El Mahdy, Dr. Walid Osman and Dr. Eman Hamdy.

In the arena, handling ring security for the judges were Dr. Mohamed Mohsen and Mr. Mohamed Akl.

Abdallah Al Barmaky (Jordan) and Dr. Yaassmin Atieh, both internationally renowned. Outstanding music for a show performed by Mohamed Al Ramy.

It is definitely a show worth attending, I recommend it wholeheartedly as a good lover of this event, but consider that hospitality and all amenities are not lacking.

The direction and scores were by Arabian Essence and the photos on the pages are by Gina Elnazer and Mahmoud Al Borombly. □
