The annual Qatar International Championship took place between February 23rd and 25th at the remarkable Racing & Equestrian Club in Doha, the usual location for this show. We would like to say a few words about this wonderful center for those who do not yet know it. Its facilities include spectators stands, a perfect VIP section with the unmissable catering service, a large pre-ring and a competition ring with an excellent terrain.

Available to the judges and breeders coming from Saudi Arabia, Egypt and Oman were wonderful tents equipped with every comfort. During the breaks, it was possible to visit an air-conditioned area featuring wonderful paintings by artists such as Ali Alimar and other new items such as the wonderful halters made by Khalil Sheik Sroujeh (Jordan).

the duration of presentations. This year, the atmosphere was really pleasant, just like that of a few years back, when the Qatar show was one of the most awaited events of the year. Once again this year there were many international guests, who were waited on for every need. They were coming from Europe, United States and the Arabian countries. Worth mentioning was also the presence of important horses from Oman, United Arab Emirates and Saudi Arabia, which enriched the scrumptious menu with even more succulent "ingredients". The many guests were accompanied to a visit of the studs that have made history in Qatar, where they were able to see the various breeding approaches thanks to which Qatar is one of the leading countries on the PBA scene. Tradition and pure breeding of the straight Egyptian line are the key features of important stud farms such as Al Rayyan. In addition, our congratulations for such a successful growth go to important studs like Al Nasser and Al Naif, to name but a few, which combine research for purity in straight Egyptian purebred Arabians with cross-breeds of different stallions, trying to breed other high quality horses but not necessarily

straight. Starting from their passion for straight Egyptian lines, a few other studs have managed to cross-breed various lines and obtain such remarkable results at international level such as the Al Shaqab Stud; its feathers in the cap are the three stallions Marwan Al Shaqab Gazal al Shaqab and the extraordinary straight Egyptian Al Adeed Al Shaqab.

Going back to the show, over 130 horses competed in the conformation show, presented by handlers from Europe and America. Large space was also devoted to the Liberty Class, the Ridden Class and races.

The judges were Dr. Francesco Santoro (IT), Dr. Nasr Marei (Eg), Mr. Marek Trela (PL), Mrs. Titti Gagliani (IT) and Mrs. Holger Ismer (DE). They did an excellent job, under a relentless sun that shone constantly, and their scores were always fairly consistent.

The disciplinary commission was composed by Dr. Gisel Traud Berger (DE) and Mrs. Barbara Pfister (CH). Mr. Hossan Akawi was the speaker in English and Arabic.

Opening the games of this successful edition was the category of yearling fillies, divided into two sections due to the high number of entries.

The top two places went to fillies owned by the Al Shaqab Stud, \*Shamah Al Shaqab (Marwan Al Shaqab x SWF Desert Rose) and \*Sharifa Al Shaqab
