 ■ photos by Heidi Glisborg, Erwin Escher

*I*n the past we saw many future show stars and title show winners making their steps in the big stage starting from Vilhelmsborg trophies. Again it happened this year with 70 competitors present at the showground brought by leading training centers and representing the breeding ideas from all around the world including Benelux and Scandinavia, Middle and Western Europe but also USA, Ajman, Qatar, Israel and Brasil. The nice atmosphere of the show was also made by the spectators who were enthusiastically cheering the participants of great quality – some new ones, but most of them already known and entitled – as Junior Gold Champion Mare Al Princess Aliha – Austrian bred and owned daughter of WH Justice and black beauty Al Aliha, who in the championships met the excellent junior mares who took first and second places in their classes – as US bred fillies by Jullyen El Jamaal (Shasha Jullyen owned by W-Arabians), Da Vinci FM (Daisy FF owned by Tomasz Tarczynski), Marwan Al Shaqab (GM Marwan Al Shakira owned by Naples Arabians, the Silver Medal winner) and the representatives of German and UK breeding – Maharani CF- the Bronze Champion and WW Gazella – both sired by Psytadel. The junior males championships again proven the great potential of WH Justice as a show sire – with Azeem Ibn Justice bred in Germany now representing Ajman Stud who was leading the group of champions with his paternal halfbrother –

Travagliato B show champion this year – Lance Lord OS from Germany taking Silver Champion and Swedish bred and owned Bernhard (by Rohara Bacara) as Bronze medal winner. Senior group of horses included some old and new competitors of international scene – all of them excellent quality as the experienced show participant – Nag Olla Bez winning another class for the owners of W-Arabians as well as the title of Gold Champion later on, in front of class winner of mares 4-5 years old – Marjjana VA, bred in the US and owned by Silvatica Black Arabians in Poland – the champion and Best in Show from Lowland Cup few weeks before, now elected as Silver Champion, and exotic senior lady Ansata Mouna by Farres, bred in the US and owned by Al Naif Stud in Qatar – as Bronze medal winner. In senior group of stallions the competition was led by the males bred in Austria, Poland and Qatar. This time the winner trophy went to Lorenzo el Bri owned by Mario Matt in Austria – again a big success of this handsome grey stallion at the A rank show this year after his success and Champion title in Wels. The silver medal went to Qatar – Jandeh Al Naif, the Gold Champion from Travagliato 2009 show, proudly bred and owned by Al Naif Stud. With bronze medal the Polish breeding was honored with well known show and breeding stallion Emrod bred by Michalow Stud, owned by Turban Stud in the nice hosting country of Vilhelmsborg show – Denmark. □
