SiR Arabians

[www.sirarabs.wordpress.com](http://www.sirarabs.wordpress.com)

Arabian horse photography SiR was created after years of amateur photography.

We started taking pictures at morphological shows which we attended about 9 years ago.

One day we decided to send some of the photographs taken of her own horses to Marieta Salas from the stud farm Ses Planes. We were very interested in her opinion as one of the world's leading breeders and we knew we could trust her sound judgement.

Marieta, who is also a big fan of photography, encouraged us to get further training, to work with and learn from professional photographers, to improve our equipment and to be patient. We did so and kept on sending the photographs taken at different shows, until one day, out of the blue, Marieta invited us to her house to take some pictures of her stud. This was for us, without doubt, the turning point when the hobby became a job. It certainly meant a great step forward for us to be given the opportunity to work for Marieta Salas' stud farm which later on published our photographs on its website.

These visits have now become a habit and we take pictures at the stud farm several times a year to keep the photographic archives of Ses Planes up-to-date.

Thanks to the encouragement from Ses Planes we have been able to work at some of the most important stud farms in Spain such as García Ferrero, Ados, Llamor, Equus Arabians, Arabians Risco de las Vegas, Star Horse Training Center, and some European stud farms such as Arabian Scipioni's stud, and a horse of Kalliste Arabians. Not only do we take pictures but we also write articles and perform advertising designs for websites as well as for magazines.

SiR Arabian Horse Photography is expecting to keep on working throughout Spain and we hope to be able to expand our work area to the rest of Europe or to any part of the world.

We would like to take advantage of this opportunity to sincerely express our gratitude to Marieta Salas, who has undoubtedly been our mentor. Without her unconditional trust and support our hobby would never have gone further. □
