Wh Justice

THE CHAMPION MAKER RETURNS!

Making History

Very seldom in life you meet horses like Wh Justice. I had the pleasure to be involved with this amazing stallion from the very beginning. Wh Justice embodies the qualities you would expect from such a great pedigree of champions, but he has truly started a legacy of his own. His babies have this distinctive "Justice" look that is similar to no others. He is one of the greatest stallions I had the pleasure to work with and I am truly honored to be at the lead of this history making stallion. We are thrilled to have him soon back with us and work with him in preparation of the show season. He will make his return debut in Menton... and compete throughout the major European shows.

Some horses have that special attitude that makes people fall in love with him, and Wh Justice is one of them. I would like to thank Thierry, Catherine and Thomas Kerjean for entrusting us with their most special treasure.

to be continued...

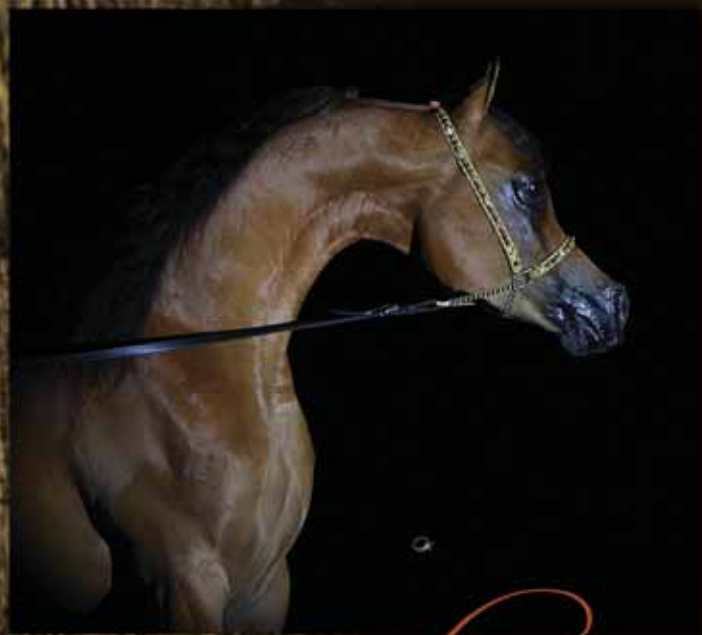

where horses come first

It is with great pleasure and honor that we work since more than 20 years with some of the greatest Arabian horses in the world. In all these years we were lucky enough to be surrounded by some of the most important breeders and owners of Arabian horses worldwide... Many times we shared victories and success and sometime we shared defeats, but what always remained was the great and true passion for the Arabian horse. We are thrilled and excited to start a new year of adventures with some very special horses. 2011 is a year of great returns. One above all is Wh Justice, a history making stallion so loved and appreciated worldwide. And then the beautiful Loubna, that after a few years of rest made her return debut at the 2011 Abu Dhabi International show, being crowned Gold Champion Mare. But this year we will have some new and exciting surprises as well. An incredible group of junior horses is already gathering successes in the Middle East, especially the young filly AJ Sawahi, that was shown three times, and three times she was named Gold Champion Filly. The Polish bred mare Emira will make her first appearance at the European shows later this year. We can't wait to show this amazing snow white mare. Our straight Egyptian show string is also looking great. Some new arrivals from the States will shortly join the already exciting group of straight Egyptian horses we have in show training. In the next few pages we'd like to share with you some of the horses that made our training center so successful the last few years, and without whom many accomplishments wouldn't be possible. So we would like to take the chance to say "Thank You" to all the friends and clients that entrusted us with their most precious horses.

With great appreciation,
Frank Spönle & Team

FRANK SPÖNLE SHOW TRAINING

the people

FREDERIK VAN SAS

Frederik is in charge of the conditioning and preparation of some of the show horses. In the last few years he was also a great help in the showing, helping Frank showing some of the horses. Every year he also travels a lot to the Middle East with Frank to help him preparing and showing the horses there.

KATRIEN VAN DYCKE

Katrien has been together with the Spönle Team since several years. She prepares and shows horses for some important breeders in Europe as well as helping Frank in the showing. A great person to have in the stables as well as at the shows.

BIRTHE MUSCHALLA

Birthe is a long time member of the team. She is taking care of the condition of the show horses as well as some parts of the halter training. A person of great experience and love for the Arabian horses.

BARBARA DORER

Babsi is the person responsible for the breeding department. She is the one who takes care of the breeding and foaling, and the irreplaceable person in charge of the whole farm while the others are at the shows.

FRANK SPÖNLE SHOW TRAINING

the facility

A state of the art facility, located in Geldern, a small town that lies in the plains of the lower-northern Rhinland, west of the Rhine. A long driveway with high trees on both sides brings you straight in front of the stallion barn, that can host up to 20 horses. The remaining 60 boxes are dedicated to mares and fillies and youngsters. The barns have high ceiling and plenty of light. Every box has a door to a small outside paddock. The farm is provided with a big indoor arena and a high tech walker machine for 8 horses. The whole farm is surrounded with green fields and paddocks where the horses can graze outside and the young ones can enjoy each other's company. A wonderful place to work, train and exercise the horses, as well as a perfect place to let them enjoy life in the pastures.
