

B.A. MARSHAL

EXCALIBUR EA | SS REEMAN

THE DREAM COMING TRUE

The grey colt born at the homeland of Arabian breed, at a small farm of a true horsemen and then loved, acquired and appreciated by her owners from the United Arab Emirates starts his trip to the big world winning hearts and trophies at one of the most important shows in Europe so far, the Menton Arabian Horse Championship.

The exceptional colt BA Marshal is cherished by his proud owner Al Mazrouei Stud from Abu Dhabi. The famous stud farm already owns a superb collection of Arabian horses and thus added the rising star to his group of horses.

The proud breeder of BA Marshal is Mr. Saif Al Ali from Banat AlReeh Arabian Horse Stud. Being a very passionate breeder and having a big love for the breed Mr. Saif Al Ali describes the story of BA Marshal:

“I purchased his mother, SS Reeman, as a 6 month old filly at Sharjah Stud loving her from the first sight. When she arrived at my farm it was raining, and I thought it is a good sign for her future. She has perfect pedigree – AJ Portofino crossed with

Gazal Al Shaqab. BA Marshal, named like this to be a commander, is her first foal and from the day he was born I saw he is very special so I was insisting on sending him for international shows outside Middle East. And my dream came true – I found the right owner with Al Mazrouei Stud. A real gentleman who appreciated and estimated well the quality of the colt. Al Mazrouei Stud was the perfect choice. They supported the yearling colt with a strong promotion and at his international show debut BA Marshal was named class winner, Gold Champion Yearling Colt and Best Male at very strong competition in Menton, thanks God!“

BA Marshal – a typical son of Excalibur EA, very sire look alike, with beautifully ciselled head and correct body took almost whole lines of „twenties” for type and head and neck from the judges. With the enormous total of over 93 points was without a doubt the winner in all his categories. Unfortunately due to the pandemic situation and the country rules neither the breeder nor his owners were present with him at that special day of first glory but we can be sure about his bright future and we truly believe that its just a beginning of a triumphant march. □
