

Kurhaus Cademario

Relax above the clouds

Kurhaus Cademario Hotel & Spa is a place to rediscover passions, where guests can experience outdoor activities and excursions, have a break and relax.

On a hill, surrounded by nature, there's an historic building overlooking the region, silent and unique. For over a century, Kurhaus Cademario has been the perfect place for those looking for a vacation dedicated to wellbeing.

Overlooking Lake Ceresio, it enjoys a privileged position: sunny, south-facing, free from fog and protected from cold winds. Originally founded as an exclusive care home, the property boasts

a 24,000sq ft spa area with a sauna, indoor and outdoor heated pools, and treatments that immerse guests in total relaxation.

The DOT Spa is located at a strategic point of extraordinary energy intensity and strength.

To amplify these same positive influences, the area was designed to leverage and integrate the five geomantic elements that rule the Earth: water, wood, fire, earth, and metal. DOT.Spa's philosophy is encapsulated in its cosmetics line, which combines the perfection of natural cosmetology with respect for the environment.

LLL

The rooms provide every imaginable comfort: they're all stylishly furnished, equipped with air conditioning, a free minibar, and in some cases, a living room, spa bath and balcony with lake views.

At the gourmet restaurant La Cucina, as well as at the Agra Bar, guests can enjoy delicious international and Italian cuisine, or enjoy cocktails and wine while being enchanted by the incomparable view at nearly 3,000ft above sea level, admiring the beautiful Lake Lugano

and the majestic Malcantone mountains.

There's also service at the pool, where you can relax while dining.

The resort's recent renovations saw the addition of several exclusive areas for meetings, conferences and elegant banquets.

The banquet hall, Monte Tamaro, is modular and can be divided into two units: the Monte Lema room and the Monte Ceresio room. It's suitable for presentations, celebrations and other events, and holds up to 100 people.
