AS SINANS PACHA
 (ANSATA SINAN X SASKIA R.J.)

TUTTO ARABI: Your farm is not very big one but its though since several years famous for owing AS Sinans Pacha by legendary Ansata Sinan – World Reserve Champion Stallion, son of World Championships awarded parents and sire to World Championships awarded offspring including World Champion Escape Ibn Navarrone. For the last 2 seasons there was a very new chapter in the breeding career of this famous stallion you owe – can you briefly tell us about that?

NETTE ELISE BADAL: After having several inquiries about leasing AS Sinans Pacha out we finally decided to lease him out to Mr. Gregor Pintar from Slovenia. We felt really safe that he would promote and take really good care of him during the leasing. AS Sinans Pacha bred 10 mares in Poland and he also bred several mares in Slovenia, we are very excited to see all these babies this year.

TA: What do you expect from the upcoming offspring of

Pacha in such countries as Poland and Slovenia? What can Pacha offer to the outside breeders?

NEB: AS Sinans Pacha is homozygous grey stallion which is not so easy to find these days, he has a classic type of head with beautiful big eyes, he is famous for his long and refined neck which he passes on to his offspring. He is a stallion of unique pedigree, the combination of Plakat and Ansata Sinan, especially Saskia R.J., has proven to be one of the most successful crosses! And those bloodlines, especially the one of Ansata Sinan side are not represented in such Central Europe wh in turn has excellently producing mares - this is why we are all hoping for the result of this outcross. First foals were already born in Poland and even from the first amateur photos that came to me just after birth I can already say that the plan seems to be made out...

TA: In turn you decided to use Pure Polish blood strongly in your breeding. Can you tell us more about the reasons

of bringing Polish National Reserve Champion – Eternal to Norway last year?

NEB: I first saw Eternal in 2009 when he became Reserve Champion colt at Janow Podlaski Autumn Show, and I felt in love with him. His correctness, elegance, nice head and movements captured me. Some years later I saw him at Scandinavian Open Championships, Blommerød, Sweden where he was Bronze Champion, and he looked even better. Having AS Sinans Pacha daughters ready to be bred, I wanted to add Kubinec blood through FS Bengali and Eternal, having the love for the Monogramm lines, Eternals grandfather through Ganges, he would make a perfect choice. Beside several AS Sinans Pacha daughters Eternal also bred mares by: Ekstern, Classic Shadwan, CA Sidon and WH Justice. In these days we had our first foal by Eternal out of Grace Bint Pacha born, we are so pleased with the result!

TA: Eternal was not the end of your Polish investments.

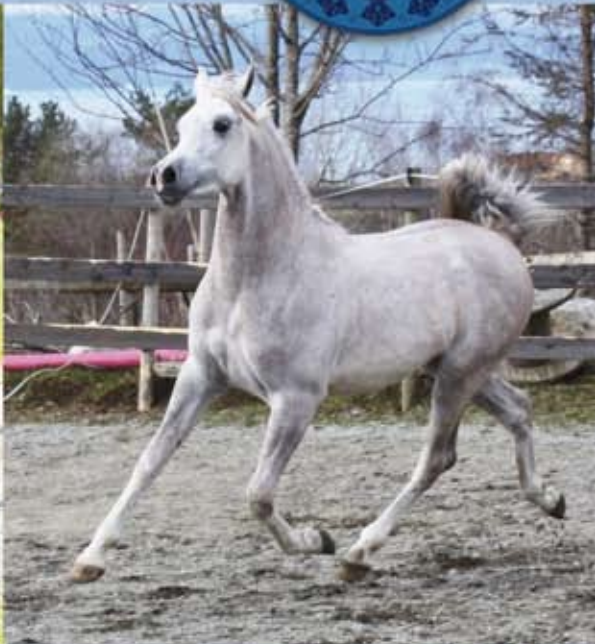

Together with him you brought for yourself a young colt – Gardo, fullbrother to the international champion filly – Gadnes, now owned by Joseph Arabians in France. What can you say about him and your plans for this horse?

NEB: Loving the correctness and movements of the Polish Arabian, and having the knowledge that Psytadel lines matches AS Sinans Pacha bloodlines very well, I was looking for a colt with these bloodlines. In Gardo (Psytadel – Gracea) I see very good movements, nice head, good conformation, and very good legs, he is still maturing, only 2 years, next year we are planning taking him to shows.

TA: Another show entitled Pure Polish stallion that arrived last year to Nodlys Araber is Espekt – a son of Triplecrowned Ekstern and famous E-line of Michalów Stud Milordka, he is also inbred to the famous Monogramm and show entitled at most important Polish

shows and also at international competitions! Can you tell us about that spectacular purchase and where we will see this colt further more?

NEB: Indeed his name is Espekt and he is sired by Triplecrowned winner and sire of champions, Ekstern (by Monogramm) being called the best Polish bred show stallion and sire of the last decade and out of beautiful mare Espiria (Psytadel – Ekspiacja [Eklezja]) who was very successful show mare. Espekt on his dam side represents one of Polish most successful show producing families, the E-line of Milordka. His direct line goes through the broodmatron of Slowianin Agro/Lech Blaszczyk farm – Eklezja by Monogramm who happened to be a foundation mare for several champions. Espekt is very typey, with a very refined head, big eyes, correctnes in body and with very good movements, he is just getting better and better. This year we are planning showing him in Sweden and Germany!

TA: You have been travelling quite a lot last seasons to the

shows around Europe – what are your impressions about the current show fashion. Do you think your breeding program can easily fix to that nowadays „fashion” or you rather not follow the market moods and you keep your goals without fashion influence?

NEB: Oh, difficult question! The quality in showing is improving a lot these days. There is so many excellent horses, very clever breeders, it is so much to learn by visiting the shows, talking to people, getting to know the pedigrees. I believe in trying something new, and do some experiments, always trying to add the quality I want. I strongly believe in the classic Arabian horse, no matter, bloodline, color, strain ... that is my goal for my breeding!

TA: We just welcomed your new website on-line. What are your plans for the upcoming show and breeding season 2013? What sires are you planning to use, what interesting foals you expect and will we see your horses at the shows this year?

NEB: Arab Horse Promotion did a fantastic piece of work making this new website for us, as we feel we have taking a step forward.

Breeding horses has its fashion and trends, it is the big show winners that „rules“ the market, and the younger and less known stallions can be ignored in favor of the big show winners. I believe in trying something new, and being aware of that the Arabian horse gene pool is slowly beginning to reduce by using just the most popular stallions. This year we will try Espekt, we will use Massai Ibn Marenga, Zensai Ibn Pacha, Kais Albydaa and of course we will breed AS Sinans Pacha to several mares, he is 17 years old now, but I think he feels like 10 years. While writing here we are in the middle of foaling season, this week 5 mares bred by Eternal are due to foal, one has already foaled, and the colt is grey, very short, dishy face, long legged, nice neck, big eyes, and he looks very nice, although he is very young. The horses we are planning to show is a 2 year old flashy, big moving AS Sinans Pacha

daughter Sophia Bint Pacha out of the Norwegian Champion Sidona. We have a Straight Egyptian Classic Shadwan daughter out of Sajida (Ansata Ibn Jamila – Ione), she became Silver Champion at her first show Norwegian International B Show 2010, so its time to show her again. Zensai Ibn Pacha by AS Sinans Pacha out of a WH Justice daughter Zangreal, who also became Norwegian Reserve Champion Filly, Zensai Ibn Pacha - 3 years old colt, still maturing, but we have big hopes for this charming guy. Then also 3 years old filly Pearl Bint Ajman (Ajman Moniscione – Panakeja by Ekstern) was successfully third placed at Scandianavian Championship with 90 points as a yearling, now we feel she has developed a lot last year, she is full of confidence and loves to show off. At least we will show Espekt (Ekstern – Espiria), our „newest“ colt, hopefully he will show in the competition all his best he does at home already. We will show our horses abroad this year, looking forward meeting nice people and having a lot of fun!
