

The legend of the Bloody Shouldered Mare

Many years ago in the desert of Arabia, there was a Bedouin warrior who owned a very special Arabian mare, a mare he rode into a battle and to whom he entrusted his life. Theirs was a very special relationship, a bond of trust, love and mutual respect. Either would have given their life for the other. In fact, their bond of trust was so strong that the mare often "read her master's thoughts," doing exactly what he needed at exactly the right time, allowing them to win many battles and to be the envy of all the Bedouin tribes. Years passed and one day in a fierce battle the master was severely wounded, falling across the neck and shoulder of his beloved war mare. Although her master was unconscious and she was miles from home, the mare carefully balanced him across her shoulder, carefully carrying him toward home. She went for days without food or water to return her master to his family. When the courageous mare finally arrived at the encampment, she was exhausted and weak, her master was dead. As the family carefully removed the master's body, they saw that the mare's shoulder was heavily stained with his blood, leaving a distinct red mark on her shoulder. Although they had lost their leader, the Bedouin family was eternally grateful to the mare for delivering his body from battle. They knew that the long journey had been very difficult for the courageous mare, and they were very concerned for her because she was heavily in foal. Finally the time of her foaling arrived, and there was great concern for the cherished war mare. But when the long-awaited foal was born, he was vigorous, healthy and of exceptional quality. He also bore the identical "bloody shoulder" that his mother had from her master's blood. It was then that the tribe realized that Allah had rewarded this mare and their tribe for their courage, loyalty and faith and that the bloody shoulder was a reminder of his favor. Since that time, hundreds of years have passed, but once in a great while there is a mare of exceptional courage, beauty and quality who foals a very special foal graced by God with the bloody shoulder.

Some horses are born exceptional because of a lucky strike... Some others are born exceptional because they follow a very clear path... drawn in their blood and in their pedigree...

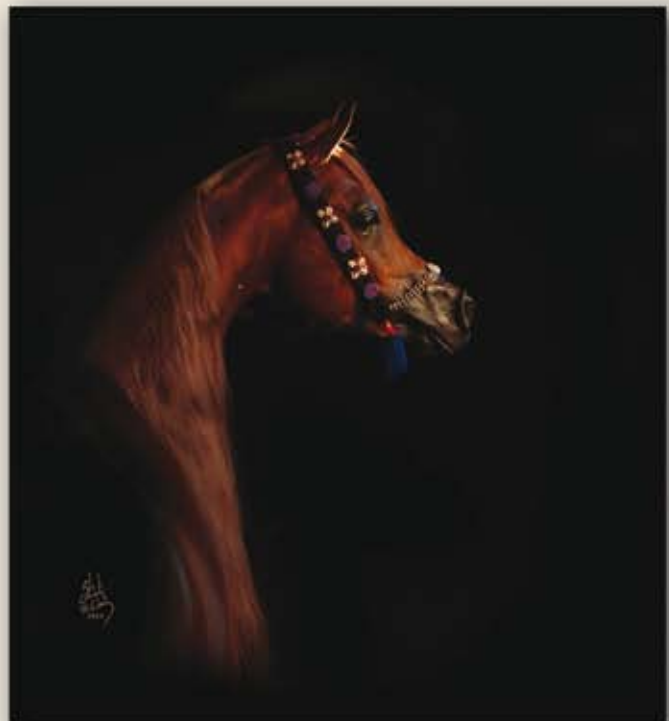

SIRE

Magnum psyche

Wh Justice was born in the United States in 1999. Sired by the living legend Magnum Psyche. There is not much left to be said about Magnum. His story is well known to all and his babies carry his legacy all over the world gathering successes and achieving the highest titles.

Magnum is truly a living legend. Owned by Haras Mayed and masterly managed by David Boggs and Midwest Team, Magnum has become over the course of the years not only an incredible sire, but also a great and successful show horse, winning as his most recent title the coveted Senior Stallion Championship in Scottsdale in 2009.

When Wh Justice was born Magnum was only 4 years old, but he proved already from his first foal crops, his potentials as a breeding sire, potentials now recognized worldwide.

The Mares... our most precious gift.

Vona sher-renea

Vona Sher Renea is today a 22 year old mare. She became famous to the world as the dam of Wh Justice, and if you look at her you can see many resemblance to her son. A beautiful fleece bitten mare, with Justice's same big and black eyes and an incredible long mane... what you can see in Justice as well as in many of his babies. Coming from a royal pedigree, Vona is sired by the beautiful El Shaklan son El Sher Mann and out of Renea, a Jassen daughter. Truly a royally bred mare, that gave birth to one of the most amazing stallions in the world.

Padrons Psyche - Padron x Kilika
Wh Justice's grandsire

His gene pool is a guarantee of beauty, charisma, power and motion. Some of the greatest horses of all times are present in his pedigree. Stallions such as Magnum Psyche, Padrons Psyche and El Shaklan, mares like Estopa, some of the most influential horses in history. Wh Justice was exported to Europe and reached Italy where Catherine and Thierry lived. From his first appearance he caught the eye of the European breeders, that saw in him something different, something special. A young colt with great potentials. With several victories at his credit, Wh Justice was in 2004 Senior Champion in Towerlands and European Reserve Champion. He earned twice, as a junior and as a senior the best head award in Paris. And in 2008 he made his return to the show and was named Reserve Champion in Menton, conquering the hearts of the crowd. In 2002 Wh Justice bred his first few mares, only 14. The results left speechless. Out of the 14 foals born in 2003 a few of them shortly made their path to glory. Ajman Moniscione, Panarea by Palawan, Grisenda Chandra, Ania Moniscione... only to mention a few. Wh Justice was giving his babies a unique look, the "Justice look", extreme type, charm and show attitude. Shortly after the Justice babies were gathering titles at the biggest shows in Europe.

May 16th, 1999. If we want to believe in the legend of the bloody shouldered mare, that was the moment, *once in a great while, when a mare of exceptional courage, beauty and quality foals a very special foal graced by God with the bloody shoulder.* That was the day that would have seen the beginning of a new era. That was the day Wh Justice was born. He was born in Utah, USA, and bred by the Hansen Family. The lives of Wh Justice and the Kerjean family meet when he was still a young colt, only a few months old. Thierry and Catherine saw him for the first time on a video and needless to say it was love at first sight. Love that has grown bigger day by day and that makes Justice the 4th member of the Kerjean family. Such an exotic grey colt, with an incredibly refined head and that look at me attitude that later would have made him famous world wide. The decision was quickly made, and Justice joined the Equid System Ltd, of Thierry, Catherine and Thomas. The story of Justice had just begun. A stallion whose influence can now be seen worldwide. He represented a turning point for the breed.

El Shaklan - Shaker El Masri x Estopa
Wh Justice's great grand sire

One of the first babies sired by Wh Justice that won international titles was Ajman Moniscione. Shown by Frank Spönle in Menton in 2005 as a two year old colt, Ajman Moniscione swept the competition and took the title of Junior Champion Colt. That was only the start of great career for Ajman, both as a show horse and shortly after as a sire. Winning several titles such as All Nations Cup Reserve Champion, European Reserve Champion and World Best Head, Ajman is today a great sire, chosen by breeders worldwide. That same year in Menton, another Justice baby impressed the crowd. It was Bess Fa'lah... at the beginning of her incredible show career. Shortly after purchased by Ajman Stud, Bess Fa'lah went on to win the most important titles worldwide. She is twice World Champion, as a junior and as a senior as well as All Nations Cup Champion and Dubai Champion, to mention only a few of the numerous titles at her credit. The Wh Justice babies started to conquer Europe and the Middle East. He brought a significant change to the European breeding scene. The number of successful Justice offspring was growing year by year, adding to the list of champions names such as FM Gloria, Panarea by Palawan, Aja Justified, Shanghai EA and many others that made Wh Justice the most "wanted" stallion in Europe. Wh Justice has touched the lives of many breeders in Europe, whose breeding programs were brought to a whole new level. He had a great impact in Europe and since a few years a countless number of breeders from all over the world aim to breed to Justice. In the past few years several have been the Wh Justice babies born in North and South America, Australia and the Middle East. His outstanding qualities can be seen now in his offspring all over the world, both as show horses as well as breeding sires and mares. The second generation of the Wh Justice offspring is hitting the ground now, and the results are outstanding... The extreme type and refinement of Justice can be seen in his grand children as well, that carry on the blood of The Champion Maker.

2011 was a year full of success for the Wh Justice offspring. It started celebrating the victory of Bess Fa'izah as the 2010 World Champion Mare and Aja Justified as World Champion Colt and continued with one great success after the other. At the 2011 Al Khalediah Festival Panarea by Palawan conquered the title of Senior Champion Mare. Shortly after she left to the United States where she was crowned Las Vegas Breeders World Cup Senior Champion Mare as well as US National Champion Mare, being the first Wh Justice offspring to win such important titles overseas. The European show season saw the return to the showring of the three year old colt Shanghai EA, that won his first title of the year at the Prague International Show, and continued on gathering the title of All Nations Cup and European Champion Colt, and now looking forward to the World Championship in Paris. Wh Justice winning offspring can be seen in every show ring worldwide. What more can be asked from a sire? He set new standards for the breed giving his babies a very distinctive look. Babies that are claiming titles and defeating the most tough competitions.

Wh Justice & his long time handler Frank Spönle

The 25th of September 2011 is a date that many will remember. It will stay in the hearts of all those people present in Aachen, and for sure in the hearts of all those closely involved with Wh Justice. After a few years away from the show rings, the return of Wh Justice was announced to the world and the appointment was in Aachen for the All Nations Cup. People all over the world gathered in Aachen, and some of them came especially to see him. As the senior stallion class started, the excitement was growing bigger and bigger... pure adrenaline on the tribunes and on the VIP stands. As the stallions made their entrance accompanied by Verdi's Triumphant March, there was only one people wanted to set their eyes on. And there he came, with his majestic beauty he entered the arena... goosebumps. As he trotted down the ring towards the judges with the song Sex Bomb playing there was only one stallion to be seen. And it was Wh Justice. The support this stallion has is beyond compare. He gathers everybody together as no other. People love him, as he touched the lives of so many. He is one of a kind. There is no other stallion in the world such as him. He won his class with straight 20s in type and in head and neck and 20s in movement. A unique moment for the owners, his handler and all the people that had the privilege to work around this living legend. A stallion that is not only an incredible sire and a show champion, but also a big hearted horse. Sweet and with the kindest disposition... a great horse to work with. The whole team of Frank Spönle worked towards this success, and especially Katrien Van Dycke, since many years at Frank's side. She is the person that takes care of Justice daily and prepared him for the show. She is the one that has the pleasure to be around him every day, and also to spoil him... but at the end, who wouldn't. Every person that stood next to Justice and had the pleasure and privilege to have a close contact to him has been touched by such an incredible horse. Some they would say there is something about him that is magical, something that is not for us to understand, but that touches your heart.

Nothing has to be preferred before Justice

There were people in Aachen with tears in their eyes, people that had nothing to do with Justice and saw him for the first time. Tears of joy, of deep emotions, moved by the undeniable presence of one of the greatest horses in history. Not many horses achieved what Wh Justice did. There might be horses with more ribbons and titles to their credit, but there is not one horse in the world that can unite people the way Wh Justice does. That Sunday afternoon in Aachen, during the stallion championship there was a few thousand people anxiously awaiting for the results. So many people waiting and hoping to hear Justice's name called as champion. And everybody's hopes and expectations had been fulfilled. As Klaus Beste announced the Gold Champion Stallion and called Wh Justice to center ring, the whole arena exploded in a great applause. Accompanied by the song Sex Bomb, Frank and Justice took a lap of owner around the ring as the crowd stood up in one touching and incredible standing ovation. What happened that afternoon has never happened before. As Justice walked with Frank along the side of the arena, the smiles on the people's face showed all their appreciation, respect and love for a unique horse... that one horse that comes in a great while. He conquered one of the toughest arenas in the world, where every year the best Arabians horses from several countries in the world come to compete. He is owned by very simple people, he doesn't have the support of a big farm behind or of an important owner, yet he won. And he won because of what he is and what he has done. He won, because as Socrates said more than 2000 years ago "Nothing has to be preferred before Justice".

Turchiya mpe is born from a family of champion. Her mother, Thee Rahiba has proven to be an amazing brood mare. Turchiya was a beautiful baby, but as time went by, she turned into a gorgeous young mare. And in 2010 she caught the eye of André Cruz, of Haras Cruzeiro, and quickly became part of their beautiful collection of Arabian horses. Her career as a show horse has just begun, and will continue brightly in Brazil with her new owners.

Jalicia de nautiac

WH JUSTICE X SHAFALI DE NAUTIAC
BY ABAKAN
2004 GREY MARE

JUSTICE

JUSTICE

Jalicia de Nautiac is the result of 25 years of breeding program at Haras de Nautiac. She embodies the elegance and the power typical of her pedigree. Her dam Shafali de Nautiac is a great broodmare and her cross with WH Justice gives always fantastic results. As her full sister Sliema de Nautiac, Jalicia won the title of French National Gold Senior Mare Champion. And she was not new to this title as she conquered it also as a junior filly. Jalicia has also proved she's a great dam: her two daughters, both by World Champion Marajj, have already won important titles in show.

JUSTICE

Amir Ashiraf is born in 2003, one year after his full sister Sajida. Their dam Guendalina is the very first "girlfriend" of WH Justice, and she was a perfect first lover! After winning some nice titles in show, Amir has begun his stallion career in Europe. He gave to his first babies his type and his charisma. Noticed by the Haras Stigmatas, he was leased for 2 years to Brazil where he had the chance to breed many great mares. His owners and many European breeders are awaiting for his return at the end of 2011.

Karát. Sensational...just one of the words used to describe WH Justice's young son *LA Karát. An international champion, Karát was Champion Yearling Colt at Menton, receiving three scores of "20" for head, type, and movement and the award of Most Beautiful Head. Karát was Gold champion, with scores of "20," at the F-Ippenwiller and Silver Champion at Baden-Baden shows. Appreciated for his short head, big dark eyes, beautiful neck, smooth body and confident movement, Karát exudes exotic type and structure. With his first foals born in 2011, his ability as an international sire of significance is secure.

Wh Justice & TUTTO ARABI

We are proud to publish this tribute book to this History making stallion. What Wh Justice has done for our breed is beyond compare. He is one of the best breeding stallions in Europe and his babies are winning titles worldwide. In the past few years we have supported Justice and his babies with several articles, reportages and covers. This time we want to dedicate this entire book to the one and only... one of the greatest stallions in the world.

Wh Justice & FRANK SPÖNLE

photo: Irina Flisinger*www.flisinger-photography.de

Many have been the great horses I had the pleasure to work with, but Wh Justice gave me something I will never forget. I showed many of his babies to National and International success... some of them to World Champion Titles. He left a mark in the lives of many breeders worldwide, and for sure in mine too. After a few years where Justice was busy breeding, we decided, together with the owners, to endure in a great and exciting adventure and brought Justice back to the showing. His awaited return in Aachen was welcome in a way that I will never forget. He won the title of All Nations Cup Champion Stallion with the support not only of the judges but also of every person in Aachen. To walk with him across the arena and see the crowd saluting him with a standing ovation, was for me a moment of pride, excitement and sincere emotions. He won because of what he is, because of what he has done for the breed, because he is one of the most beautiful and amazing stallions in the world... he won because he is Justice!

Thank You to Thierry, Catherine and Thomas for entrusting me with their most special treasure.
