TP Arabians archive, Rogério*

The idea of introducing the blood of Dominc M (DA Vinci FM x Rosa La Valentina by DA Valentino) in TP Arabians came true in a special way. During the 2020 Scottsdale International Show the colt Maximillion NA (Dominic M x Makala NA by Ever After NA) was purchased and soon after was named Champion Gold Junior Colt of the event. Brought to Brazil next, he won a Brazilian Nationals title in the same year, a fact that was repeated recently in 2023. Some mares on the farm were carefully chosen to be bred with him and the first products are expected to be born in 2024. “I have a lot of admiration for him. He is a horse of exuberant beauty, very typey, with a very

correct conformation and should soon show his importance for Brazilian breeding”, explains TP Arabians’ owner Thiago Pontes. When he was 15 years old, Pontes and his family bred the famous mare HW Egyptian Art (El Shaklan x Hal Sheeha NA by Hal Gibby), but soon he had to dedicate himself to his studies and his professional career. After a gap of about

20 years, he is back with his own breeding program called TP Arabians, in the city of Porto Feliz, São Paulo state. “I have the conviction that Maximillion NA will be able to bring us much joy soon, producing individuals like him, with the potential to be successfully shown and with the caliber to be used in breeding programs anywhere in the world”, completes. # Jytan Meia Lua

*“The heritage of the past is the seed  
that brings forth the harvest of the future”  
-Wendell Philips-*

by *Tp Arabians*

photos: *Alessio Azzali, Tupa*

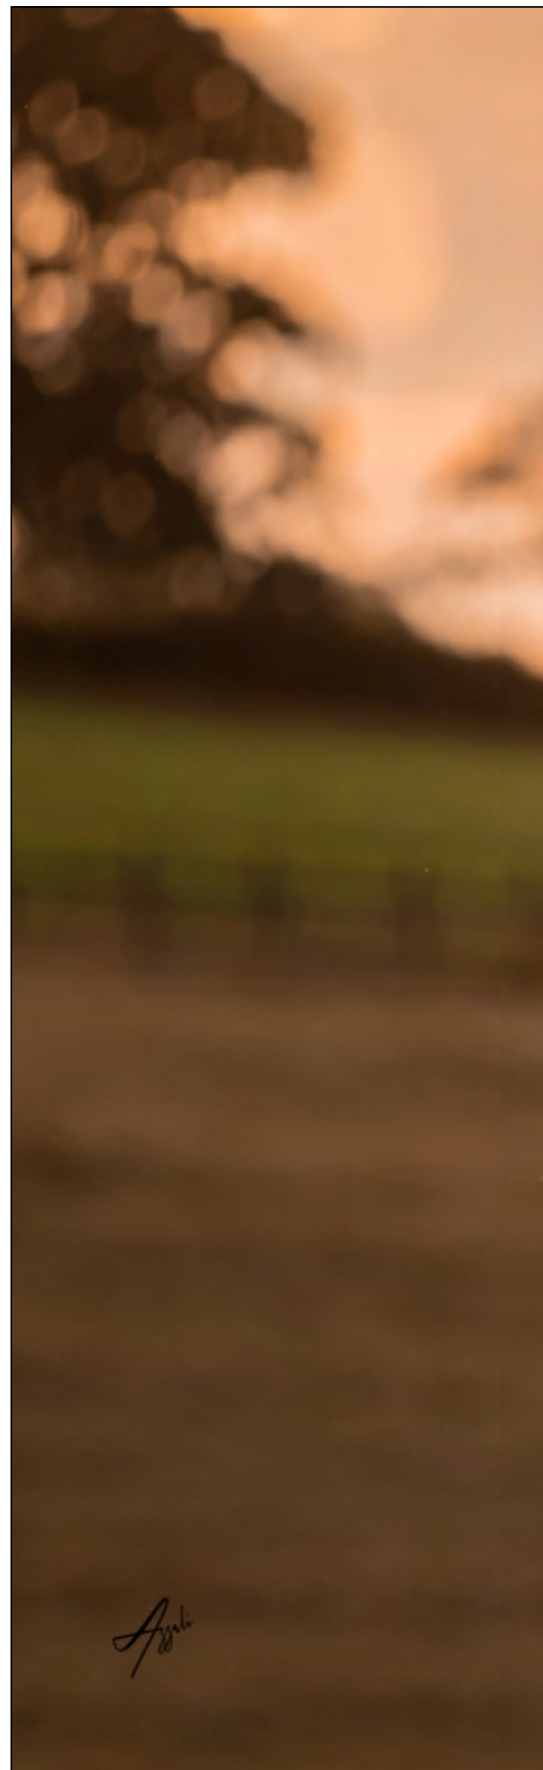

Jytan Meia Lua (El Jahez WH x Jyvara El Maktub by RFI Maktub) is the very last colt bred by master breeder Lenita Perroy. He represents the synthesis of what Haras Meia Lua's breeding program has produced at his best, alongside several stallions bred there and taken to all continents. His father El Jahez WH was twice a Brazilian National Champion and is characterized by an extremely long and arched neck, among other qualities passed down to Jytan. On her mother's side, the sublime beauty of Jyvara Al Maktub, daughter of Jiullya El Jamaal and therefore granddaughter of the Meia Lua queen Jullye El Ludjin, who appears twice more in the paternal line of Jytan. It is never too much to emphasize Jytan's strong links with Ali Jamaal, present no less than seven times in his pedigree.

He would certainly be one of those chosen to serve the farm mares if the Meia Lua program had continued.

Quickly introduced to breeding in Brazil, Jytan saw all of his offspring from his first generation be awarded at the 2022 and 2023 Brazilian Nationals, including Destiny HEC (x Mars Princess HEC by Mars Simbad HEC), National Silver Champion Young Colt.

Jytan Meia Lua is considered one of the most promising young stallions in Brazil today, opening doors to a new reality in the international scenario. ○

*“Success is a continuing thing.  
It is growth and development.  
It is achieving one thing and using that  
as a stepping stone to achieve something else”  
-John C. Maxwell-*

by TP Arabians

photos: Alessio Azzali, Tupa

When Thiago Pontes' TP Arabians restarted its Arabian horses breeding program, the first acquisition was the young mare Valentina HBNS, daughter of bay stallion Pantheon MENS out of Natasha El Kayn by Kayn El Fayd, attracted by her beauty and movement. He soon turned his attention to his father and ended up buying him. "It was a very well taken step" says Thiago. "I've always been an admirer of FA El Shawan and the importance he has had in world scenery so having one of his great sons here with us has been really good", he adds. At the same time, another daughter of Pantheon was also purchased, ROA Aruanda (x Amagzonia Madsen by Magnum Psyche), so that Pantheon's results as a father and as a grandfather could be known more quickly. Already in the first and second breeding seasons the stallion showed its potential through its get, with foals with well balanced bodies, long necks and with a lot of movement.

Brazilian herd, with more than 25 high-level foals registered. Born in Argentina, with a pedigree that combines icons such as Aladdinn, Bey Shah, Magnum Psyche and Ruminaja Bahjat, Burmagny won National titles in Uruguay, Argentina and Brazil, before being taken to the United States, where she was also awarded in Scottsdale. Back in Brazil, she was incorporated into the stud at Haras Vila dos Pinheiros group of mares, where she proved to be a superior broodmare. Pantheon himself won its junior colt category when competed in the Brazilian Nationals. His role in reproduction today is one of the most promising. ○

Observing the maternal part of Pantheon's pedigree, we see in his dam JR Burmagny one of the most prolific mares in the
