2017 started with some interesting news from **BOURHANI ARABIANS**, Mrs. Bourdeaux stated, her three stallions will reside this year – maybe also for 2018 – in the UK.

Bourhani **ALDEBARAN**, the chestnut stallion (by Ajman Moniscione), who was German National Junior Gold Champion in 2014, is on lease to the Jones Family in Llandeilo/Wales and is going to be standing at public stud and will be taken out to shows as well, depending if time allows. The Jones family and Mrs. Bourdeaux expect to see many interested visitors and of course people who book breedings to him. Aldebaran for sure can give his good looks, type and showy attitude to his progeny.

The straight egyptian stallion Bourhani **MONTASHAR** (by Simeon Sharav) and the bay QR Marc son Bourhani **OCTAVIUS** are now standing with Michelle Lyall and her friend Frankie to improve their ridden skills in dressage and showjumping. It is the plan to take them to riding competitions and to some shows as well. Mrs. Bourdeaux is convinced both stallions will show successfully under saddle, cared for and instructed by the two experienced Ladies.

The **PSALAHF Show 2016**

in Riyadh had brought a wonderful success for Mrs. Bourdeaux as a breeder. Her two year old homebred filly Bourhani **SHARIFA**, owned by the sons of Abdullah Bin Muawad Al Subaie, trained by Rodry Jones, was awarded Gold Champion Junior filly. A few weeks later Sharifa became Bronze Champion filly at the prestigious Dubai International Arabian Horse Championships. What a wonderful success for the owner and also for the proud breeder Bourhani Arabians Germany. This year Sharifa just got another success “under her belt”, she was again awarded classwinner in the three year old junior mare category at the **PSALAHF** show in Riyadh and at the Championships there she scored Bronze Champion mare. Her success from the year before at the same show proofed itself justified. Congratulations to all people, owner, handler and grooms.

The year 2016 continued with the birth of several foals. Bourhani **ALDEBARAN** had his first progeny, a pretty chestnut colt out of GF Gips Gadwa, the lovely grey mare Mrs. Bourdeaux had leased from Gestuet Fischer. The little man has inherited the good looks of his sire and presents himself already very showy. He was named

Bourhani ALGADES and most certainly we are going to hear of him in the near future.

Most welcome to Bourhani Arabians was the next born foal. Mrs. Bourdeaux had leased for the season 2015/2016 a young straight egyptian mare with the name Umai El Adeed (by Al Adeed Al Shagab) from EOS Arabians, Kathrin Hampe-Klingebiel. The mare was covered by WH Justice and delivered in summer 2016 to everybody's delight a wonderful filly, "Bourhani JUSTINTIME". Meanwhile the filly has developed into a very lively personality. She is everything you could expect of this mating: Very showy, pretty and a lovely temperament. Everybody who sees her likes her very much and is convinced she will make her way in the showing - and not just there!

The last foal for 2016 at Bourhani Arabians was a well

proportioned colt by Worldchampion Marajj out of the nice grey mare MF Helona (JD Chalice x Heloisa). The little grey man is a real "sweety", having an absolut gentle temperament but he is also very showy. He will be presented at the 2017 showseason throughout Europe.

At the German Nationals 2016 in Aachen the beautiful filly Bourhani Fadissima by Fadi Al Shagab x AB Bellissima became Silver Champion with Frank Spoenle. Mrs. Bourdeaux says, she was very happy about the success and also that her three y.o. mare Bourhani Bint Al Harwa was awarded at the same show second in her class, shown as well by Mr. Frank Spoenle.

Having moved the Bourhani Arabian Stud in 2014 to the EOS Arabians facilities in Huisheim prouved to be an excellent decision. All "fourlegged individuals" are very

happy in the green pastures and other adequate surrounding buildings. Great care is taken by EOS Arabians to the breeding management with their team, lead by Ms Lyndall Kramer. The same care is taken to the foaling. Needless to mention that Ms Kathrin Hampe-Klingebiel, owner of EOS Arabians, always has a helping hand and an eye on everything what's happening at the farm. She deserves a big "thank you", coming from the heart!

Springtime 2017 is going to be an interesting and very busy time for Bourhani Arabians. Six mares will have their babies, starting with the young grey mare Amurath Seyah, leased from the Amurath stud, family Zimmermann. Seyah was covered by the already highly decorated, homebred stallion Arjen El Marwteyn from EOS Arabians. All people involved with this mating are looking forward with great

expectancy for the resulting foal.

The next babies are to be eagerly awaited from the mares as following:

Bourhani PSYLESIA (by Lesmo/Kubinec x Psynesica by Psytadel). She is covered by Bourhani ALDEBARAN. The resulting foal should turn out as an extremely good mover, if its parental inheritance comes through. Good looks shall be guaranteed.

Orashana (by Orashaan x Oraya) the lovely grey straight egyptian mare is in foal to BK Latif, the very pretty grey straight egyptian stallion, multichampion, owned by Mr. L. Becker. Mrs. Bourdeaux is sure to get from this mating a wonderful grey foal with great looks.

AB Bellissima, a chestnut mare (by Psyasic x Bahamas Psyche) would be next to have her baby - if the mares

Orashana

are complying to the man-determined schedule, that is. Bellissima is also in foal to Bourhani ALDEBARAN. The resulting foal should get huge eyes and a very nicely dished head. Welcome ingredients for the showinging!

The lovely bay mare Sotika (by W Justice x Slonka) is next to deliver her foal. Sotika is in foal to the charismatic, well bred Wade Al Shaqab. Mrs. Bourdeaux says, she expects to get a real beautiful progeny from this mating.

Last but not least MF Helona (by JD Chalice x Heloisa),

dam of the multi champion Bourhani ALDEBARAN and his halfsister Helandra, who was awarded Junior Bronze Champion filly at the UKIAS 2016, is carrying her baby sired by World Champion Excalibur EA. This is an interesting mating and Mrs. Bourdeaux is eagerly awaiting the resulting foal.

With all this variation in breedings 2017 will be for sure a promising year – and the excitement starts building up already! □
