**S**łowianin Stud is one of the oldest currently existing private stud farms breeding Arabian horses in Poland nowadays. Its history begins with the owners family tradition when ancestors of Mr Lech Błaszczuk were involved in importing some of very first Arabian horses from the desert for some rich Poles. Horses, although not only Arabians went with Błaszczuk family through the first and second World's Wars and survived difficult times of communism. In the '70ties the current owner – Mr Lech Błaszczuk started his own breeding named Słowianin Arabians by acquisition....two geldings from Michałów State Stud. It was not possible at that times for private person in Poland to buy the „useless” (for communists) Arabian horses. Hopefully Mr Lech Błaszczuk didn't give up with his dreams and after some unlucky trials with starting the breeding with mares purchased from private breeders he finally was able to buy his first state stud bred mare in the late '80ies. He was first Polish

person to buy an Arabian at the famous auction in Janów Podlaski! He was also one of the founders of the first Polish private Arabian horse breeders society members. The „arabitis addiction” was just a matter of time and soon some other mares have been acquired to Słowianin Arabian stud. The most successful ones that happened to be not only

a foundation broodmares but also ancestors of the family of champions were added in the years 1994-1996 and they were: PLISZKA (Gwarny-Pardwa), with the filly Postawa by Endel, PASSA (Eukaliptus –Pascha) – All Nations Cup and World Reserve Champion Mare 1982 bred by Michałów Stud as well as ABISYNIA (Boryslaw-Albania) – establisher of valuable racing line at Słowianin Arabians and last but not least - ERUDYCJA (Probat-Etola) purchased in 1996 from Michałów Stud with the filly EKLEZIA (by Monogramm). These mares started the high quality breeding at Słowianin Arabians. Long tradition and consequent selection with keeping the best foals for himself let Mr Błaszczuk to create own „P” and „E” branches out from those mares and they led him to the top results at the showrings until nowadays. It is worth to mention just some. The daughters of Pasywa (out of Passa by Eukaliptus) like PASYMA - 3rd placed at difficult

### ELGAST (WH JUSTICE X ELFERA)

Białka Junior Spring Show in Poland and her maternal sister to PASTERNA born 2007 by Ekstern - Autumn Show Champion Filly at Janów Podlaski, 2nd at Polish Nationals in Janów Podlaski (scored 91,00), 3rd at Białka Junior Spring Show (scored 90,33) and Top Ten of the group at European Championships!

## ELGAST (WH JUSTICE X ELFERA)

*This perfect match with Triple Crowned champion producer – Ekstern was a brilliant breeding idea of Mr Błaszczyk. Later this damline produced the best with Ekstern indeed! Her owner bred Pasyma to Ekstern 3 times. First foal of that cross was mazing PAEMA who debuted at Janów Podlaski Autumn Show as class winner and Junior Champion Filly. Later she continued her triumphant march gaining 2nd place in the class of Bairactar Memorial International Show in Marbach/Germany, and 2nd in the class at B International Show in Strohen/Germany as well as 4th (scored 90,00 points) at Polish National Show in Janów Podlaski in 2012, getting one of the best total score for movements at show. This success she repeated one month later at 2012 AHO Breeders Championship Europe – Warsaw becoming Silver Medal Filly as well as Top Five placed at European Championship in Moorsele the same year. Paema, apart of being very good producer, has been shown once again in 2016 being top five at 3 shows – Polish*

*Nationals, Al Khalediah Festival Europe and Cracow Arabian Horse Show where she also took Bronze Medal Senior Mares.*

*At the same time the other successful „E’ branch of Słowianin Arabians had its victories at the shows.*

*In 2012 show season two outstanding colts from this family debuted at shows. Yearling ESPEKT, by Ekstern out of Eklezja’s granddaughter - Espiria by Psytadel and 2 years old ELGAST by WH Justice out of the other Eklezja’s granddaughter – Elfera appeared at Białka Junior Spring Show and they both qualified to the championship from 2nd places in their classes. In the same year Elgast continued his career taking second place at Berlin Breeders Cup and Espekt went to International B Show in Stroehen taking third position. He was also top five at Polish Nationals and at Prague Intercup 2012 and finished his show career with 2np*

## SŁOWIANIN ARABIANS

place at AHO Breeders Cup in Warsaw before being sold to Norway where he happened to be a champion producer siring international Gold and Silver Medal Champion Filly – Gallileah (bred by Nordlys Araber and own by Polia Arabians) later on. In 2015 his beautiful mother by Psytadel – ESPIRIA has been shown for Top Ten World Championship title in Paris!

His stable mate Elgast appeared again in the showing in 2013 with Bronze Medal Champion title at II Warsaw Arabian Horse Championship in Poland but his biggest victories came in 2017 while being trained at TK Arabian Center when he became Bronze Medal Champion at prestigious Tulip Cup B International Show in Holland and later this year – at Nordic Open B International Show in Denmark he finally became Gold Medal Champion. At the same year his dam – beautiful EIFFLA by Psytadel sold to United Arab Emirates became 2nd in the class at Ajman Arabian Horse Show gaining 91,6 score. But it was not the last word of Elgast and his line in Arabian horse breeding. Elgast successfully debuts also as an easy breeding stallion who sires a quality offspring. His owner, being long time experienced breeder is not very willing to neither sell his best foals nor offer his best stallion for public so first Elgast

offspring were so far born only at Slowianin Arabians. Being used on very limited group of mares Elgast already proven to produce lots of type with refined heads and great movements. Almost all his foals are grey and they are fillies! His first daughter to be shown in 2017 as 2 years old – ESPINIA (out of Espiria) being very shy and stressed with her first appearances achieved good scores of around 90 points. Another successful cross of Elgast was with Paema by Ekstern. Amazing grey showman PAEKS, always with movements „for 21” will hopefully appear in the showrings in the future, while in 2017 another beautiful grey filly was born at Slowianin Arabians by Elgast out of Paema's full sister – Paeksa. 2018 show season seems to look exciting again for Elgast – this time as a sire. Especially that his first babies will be now born out of his home stud – in Poland and in Morocco! Slowianin Arabians would like also to share its success proudly offering Elgast in 2018 breeding season for those who would like to add some unquestionable promise of the future show trophies. The stallion is available via high quality fresh semen as well as by frozen on request. There is also an amazing pedigree daughter of Elgast – ELKONA (out of direct Monogramm daughter Eklezja) offered for sale!
